Exploring Photo Editing

What is this course about?

This course will introduce you to basic photo editing using Paint.Net (free to download). You will learn how to enhance and manipulate photos using a variety of tools including clone stamp, blur/sharpen, Vignette, red eye removal, and more.

Topics include:

- Enhancing photos: red eye removal, adjustments (levels, hue/saturation, brightness/contrast)
- Using selection tools to manipulate parts of an image
- Removing and adding to photos
- Using layers effectively
- Special effects

How will I learn?

Tutor led sessions with hands on practice. You will be provided with help sheets and step-by-step guides as appropriate.

What materials will I need?*

You may find it useful to bring a pen and paper to make notes. You are encouraged to bring your own digital photos on a memory stick or SD card.

**Advice will be given in your first session regarding any additional materials you may need.*
