Transferring to a Direct Payment prepaid card account

Customer Checklist

Thank you for requesting to transfer to a Direct Payment prepaid card account. Here are a few tips to help your transfer run smoothly.

They tell you what you should **START** doing once you have received your card and what you should **STOP** doing. You may want to tick the box to remind you when you have done each task.

START	STOP	TICK	
Getting started			
Once you receive the card, sign the signature strip, and activate the card.			
Social Care Contribution			
All Direct Payments are paid gross, and you will be invoiced for you social care contribution. Start paying your invoices when you receive them.	If you are paying your contributions into your existing Direct Payments account, stop.		
Transferring monies from the Direct Payment bank account			
Transfer the money from your Direct Payments bank account onto the prepaid card account.	Your Direct Payments bank account should show a zero balance		

First, check if you have any payments pending and ensure these have completed before transferring the remaining balance.			
Paying your Personal Assistant or agency			
Start paying your Personal Assistant and/ or agency from your prepaid card once you have monies in the account. You can pay in several ways such as by telephone, bank transfer or online banking.	Stop paying from your Direct Payments bank account and cancel any direct debits, standing orders or payment arrangements to avoid any costs being charged to you.		
Regular standing order . (Please note: if your invoices are monthly, a standing order would not work as they can only pay a set amount and monthly invoices would vary).			
Direct debit . The payee would then be able to automatically withdraw varying amounts, depending on the invoice costs.			
Receipts/ invoices			
Start uploading all your receipts/ invoices onto your prepaid card account.	If you upload receipts / invoices please cease sending them in.		
Closing the Direct Payment bank account			
Send your final Direct Payments bank account statements to the Direct Payments Monitoring Team or upload it to the pre-paid account for the final check of your existing account.	You can now close down your Direct Payments bank account once you have a copy of your final bank statement which you should send to the Monitoring Team for them to complete the final audit on your Direct Payments bank account. As this is your own private bank account, if you choose to, you can close this account. However no further money will be paid into this account by the Council.		

If you need support to do this correctly you can receive initial support from an Independent Living Team Officer: Please contact on 01926 413908 or email <u>ilt@warwickshire.gov.uk</u>
