Setting up your pre-payment card and online account

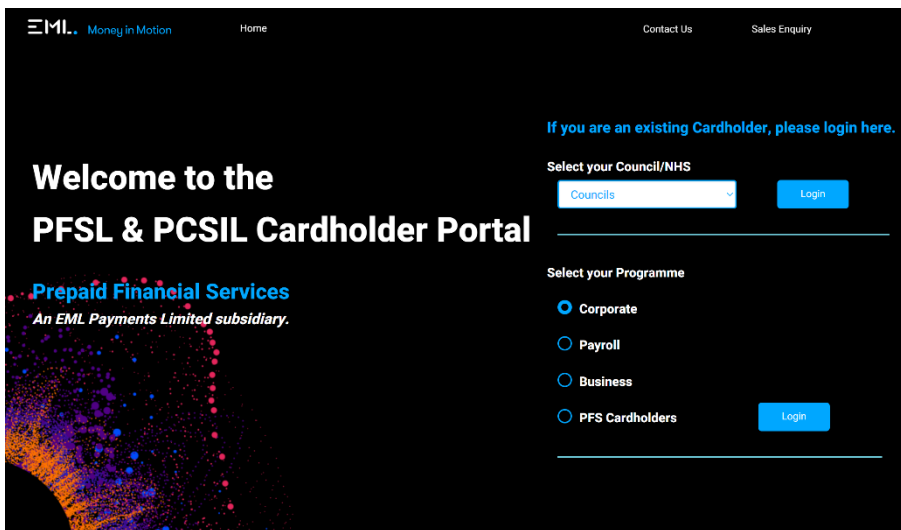

In this guidance, we will cover setting up the account and getting you started with making payments with the Direct Payment you receive. We can offer a 1 to 1 session to go through the set up and explain all the features that the prepaid card offers. Should you need this please contact ILT@Warwickshire.gov.uk or alternatively, phone 01926 413908.

Setting up the online account

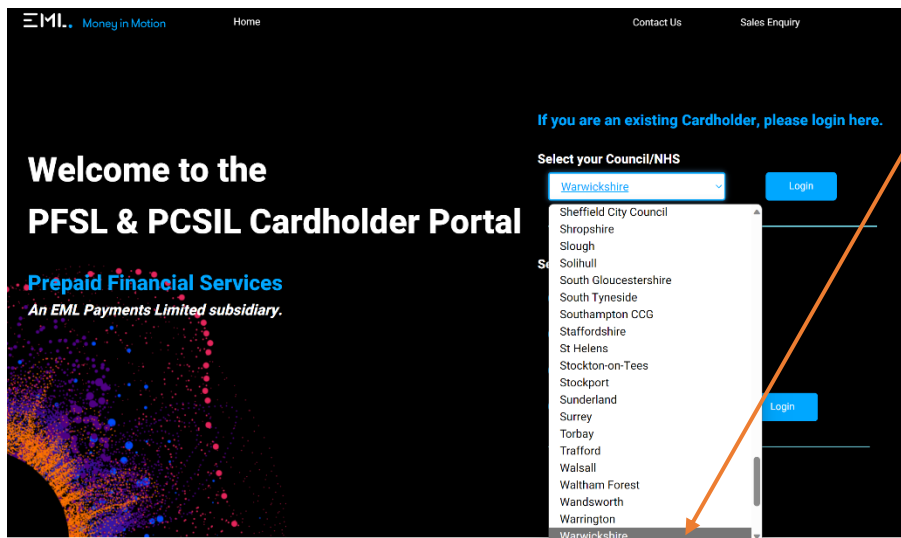

Once you have received the pre-payment card you will need to set up an online account following the steps below. This will take some time but once this is set up it will allow you to make payments, upload documents and manage the account.

Please visit - <https://prepaidfinancialservices.com/en/>

The site looks like this:

1. On the right of the page there is a box which says, 'Select your council/NHS'. Click on this drop-down list, scroll down all the down way to 'Warwickshire' and press Login.

2. This will then bring a box up with Username, Password and 'I do not have a username/ password'. Please click on 'I do not have a username/password'.

3. Type the 16-digit number on the front of your card into the box. If this does not work, then please ring the following number – 02036 331626. Explain to them that you are trying to set up the online account and you need your card holder ID/card number.

The above screenshot highlights the tabs that you will use the most: these are described below.

View Transaction History – this will allow you to check what's coming in, what's going out and the balance in the account. You will be able to use this function to check if a payment has successful been made or if the payment from Warwickshire County Council has reached the account. You will need to select a date range to check any transactions, for example if you made a payment on 15/07/2023 then you would need to select date either side (01/07/2023 – 30/07/2023).

TRANSACTION HISTORY	
Ledger Balance	GBP 0.00
<p>▲ There are no transactions associated with the selected date range</p> <p>Select a date range to view your transactions</p> <p>Date from: 1 July 2023</p> <p>Date to: 30 July 2023</p> <p>Get Transactions</p>	

Payment Request Form – This will allow you to make payments to whoever is providing the care (an Agency, Care Home, or Personal Assistant). You can also set up a Direct Debit just like any other bank.

PAYMENT REQUEST FORM

Please ensure the services you access are in line with your support plan.

Fill in the details of the account you wish to credit from your PFS Prepaid Mastercard®, in association with Warwickshire County Council, below. We will deduct the requested amount from your card balance, and send the payment on your behalf.

Please enter the account information carefully to ensure your transaction is processed correctly.

Current Available Balance GBP 0.00

Payment Frequency

- Make a one off payment
- Make a set number of payments and then stop
- Make payments until a specified date

To make a payment you will need to do the following:

- Click on Payment Request Form
- Select 'Make a one-off payment'.
- 'Payment type' – select the one that relates to the payment you are making. For example, 'carer' for the PA, 'Care agency' for an organisation.
- Then fill out: name, sort code, account number, amount and reference.
- You **do not have to fill in the section named 'additional information'**
- Once the bank details have been entered, they should be saved so the next time you log in to make payments you will only need to enter the new amount and a new reference if needed.

Upload Supporting Documents – this will allow you to upload receipts, salary information and invoices so that the direct payment monitoring team can audit the account correctly. You will need to either have these files on your electronic device or you can take a photo and upload it that way.

UPLOAD SUPPORTING DOCUMENTS

In this section you can upload separate documents to better explain this transaction to the Warwickshire County Council team for monitoring purposes only.

Explanatory Note

Part of the Direct Payment agreement is that all evidence on how the direct payment is spent is kept and sent to the monitoring team. Using this portal and uploading all your documentation will allow them to see the evidence and monitor your account without the need to contact you. By clicking this tab, it allows you to pick a document type from the drop-down list best suited for the evidence you are uploading. For example, a Tax bill, PA salary, or a care agency invoice. Once this is selected it will ask you to 'Choose File'. This will then allow you to find the document on your computer, phone or tablet and upload it to your account. If you have any questions about the monitoring of the prepaid card, please do not hesitate to contact the monitoring team on 01926 413006 or email us at DPmonitoring@warwickshire.gov.uk
