

How your views have been used

Healthy Lifestyles

This survey asked the Voice of Warwickshire panel about healthy lifestyles in children and young people in Warwickshire to understand community perceptions, priorities and needs. All Voice of Warwickshire panel members were given the opportunity to respond. There were 327 responses to the survey, a response rate of 34.7%.

How your responses have been used:

Currently, your responses:

- provide a local evidence-base to help inform and tailor local service delivery and communications.
- support public health projects and workstreams and add value to the development and iteration of local strategy.
- support wider network and partner local intelligence.

Further uses

Your responses will be used to:

- help with the reduction of health inequalities.
- understand community needs, priorities, language used and perceptions in leading a healthy lifestyle, adding value to health impact assessments within Warwickshire County Council's (WCC) Public Health team and across wider WCC departments and partners.
- inform new proposals, existing workstreams, projects and support local strategic partnerships that support the priorities and recommendations of Warwickshire's Health and Wellbeing Board and Warwickshire's child health Joint Strategic Needs Assessments.
- support the development of a Whole Systems Approach to healthy weight in Warwickshire, using the Health in all Policies (HIAP) approach.
