

How your views have been used

Survey 2: climate change

This survey was intended to gather the panels' views on and knowledge of climate and energy.

The survey received a total of 590 responses, representing a 58.2% response rate

How your responses have been used:

- Following feedback from the survey a list of grants available to make homes more energy efficient is being put together and distributed via the relaunch of the climate change newsletter.
- Insight from what the panel said about energy from waste used in waste strategy research
- Insight used with Warwick District Council on future EV charging infrastructure
- Insight used to feed into 3 year delivery plan
