

Naming the Nuneaton – Leamington Railway Line

Can you mark on the map the places you've travelled to on a train?

Where do we live?

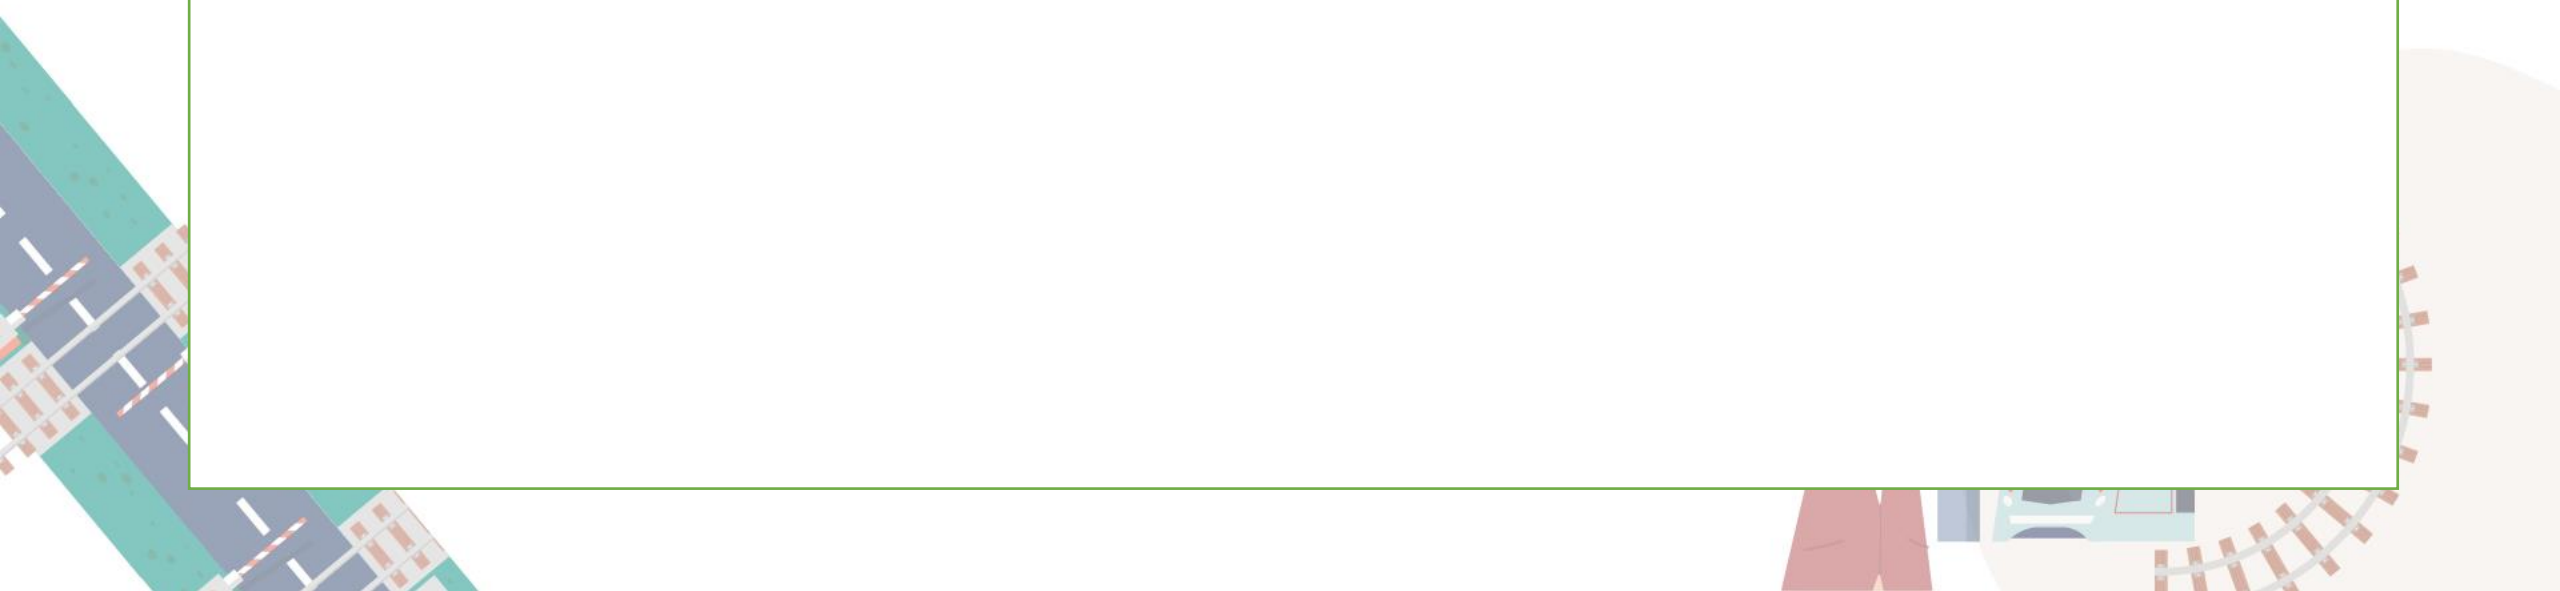

What's so great about Kenilworth?

Things to do and see in Kenilworth:

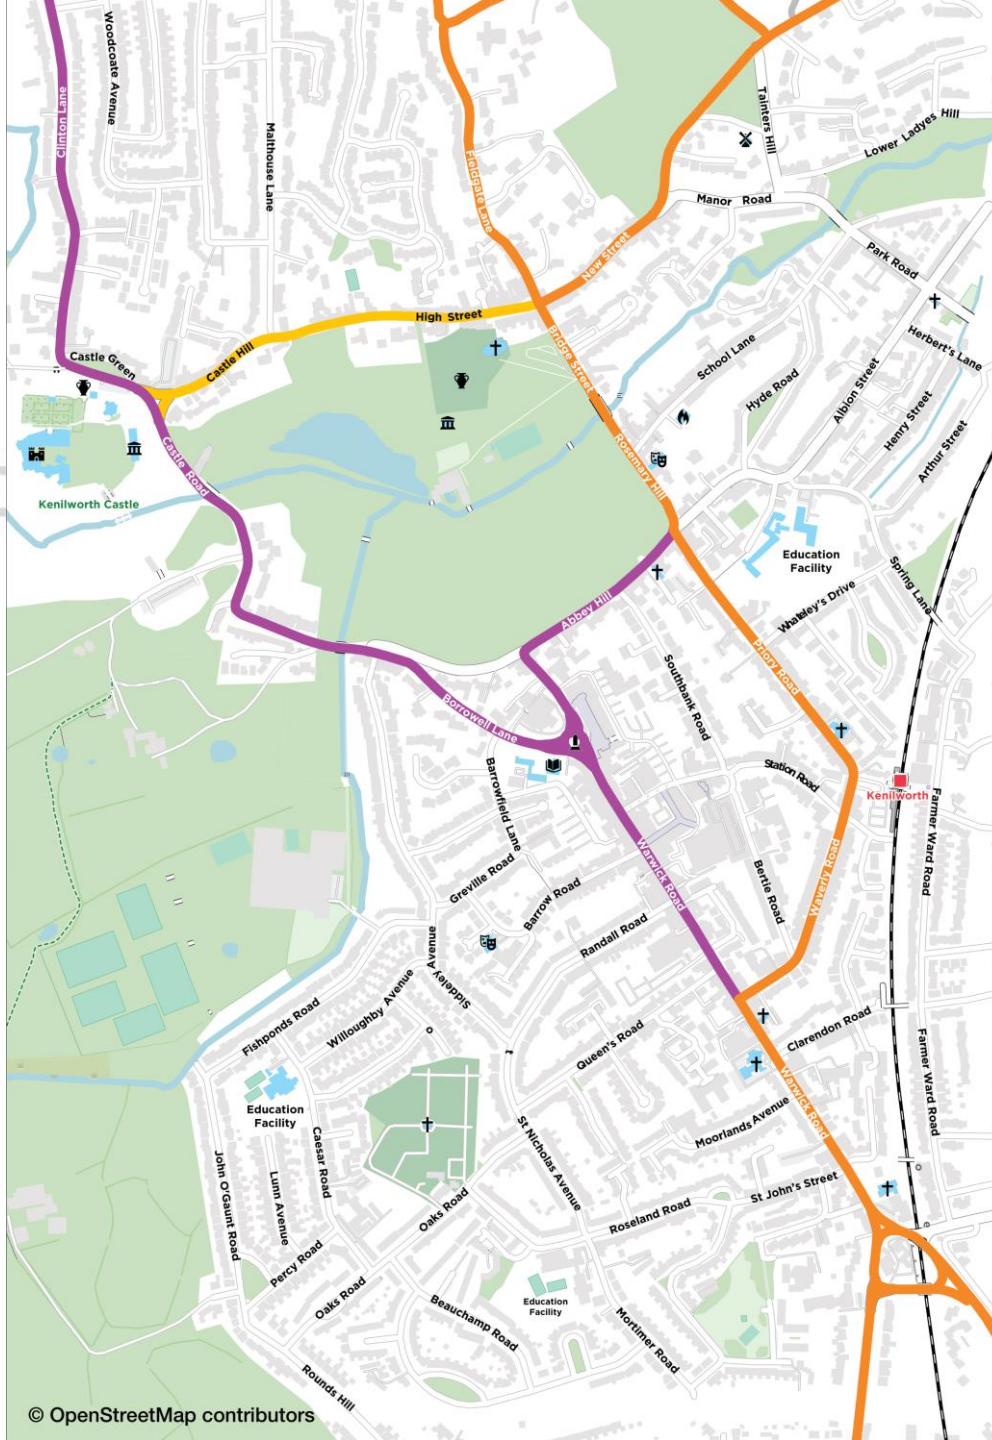

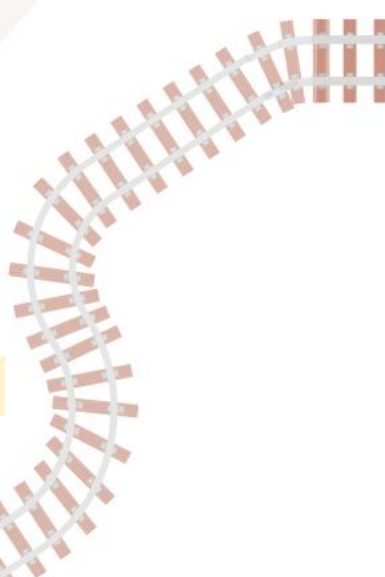

Kenilworth Castle

Priory Theatre

Talisman Square

Abbey Fields

Talisman Square

Why travel by rail?

Fewer cars in the town centre - 1 train can take up to 500 cars off the road.

Reduces carbon emissions – in 2019, transport accounted for 27% of the UK's carbon emissions. Rail only accounts for a tiny proportion of that, 1%, despite accounting for 10% of total distance travelled. Road transport accounts for 91% of emissions, including 55% from cars and taxis.

Take the train instead of a car and you save big on emissions

On a 30 mile journey:

Train vs large petrol car
86% lower CO₂

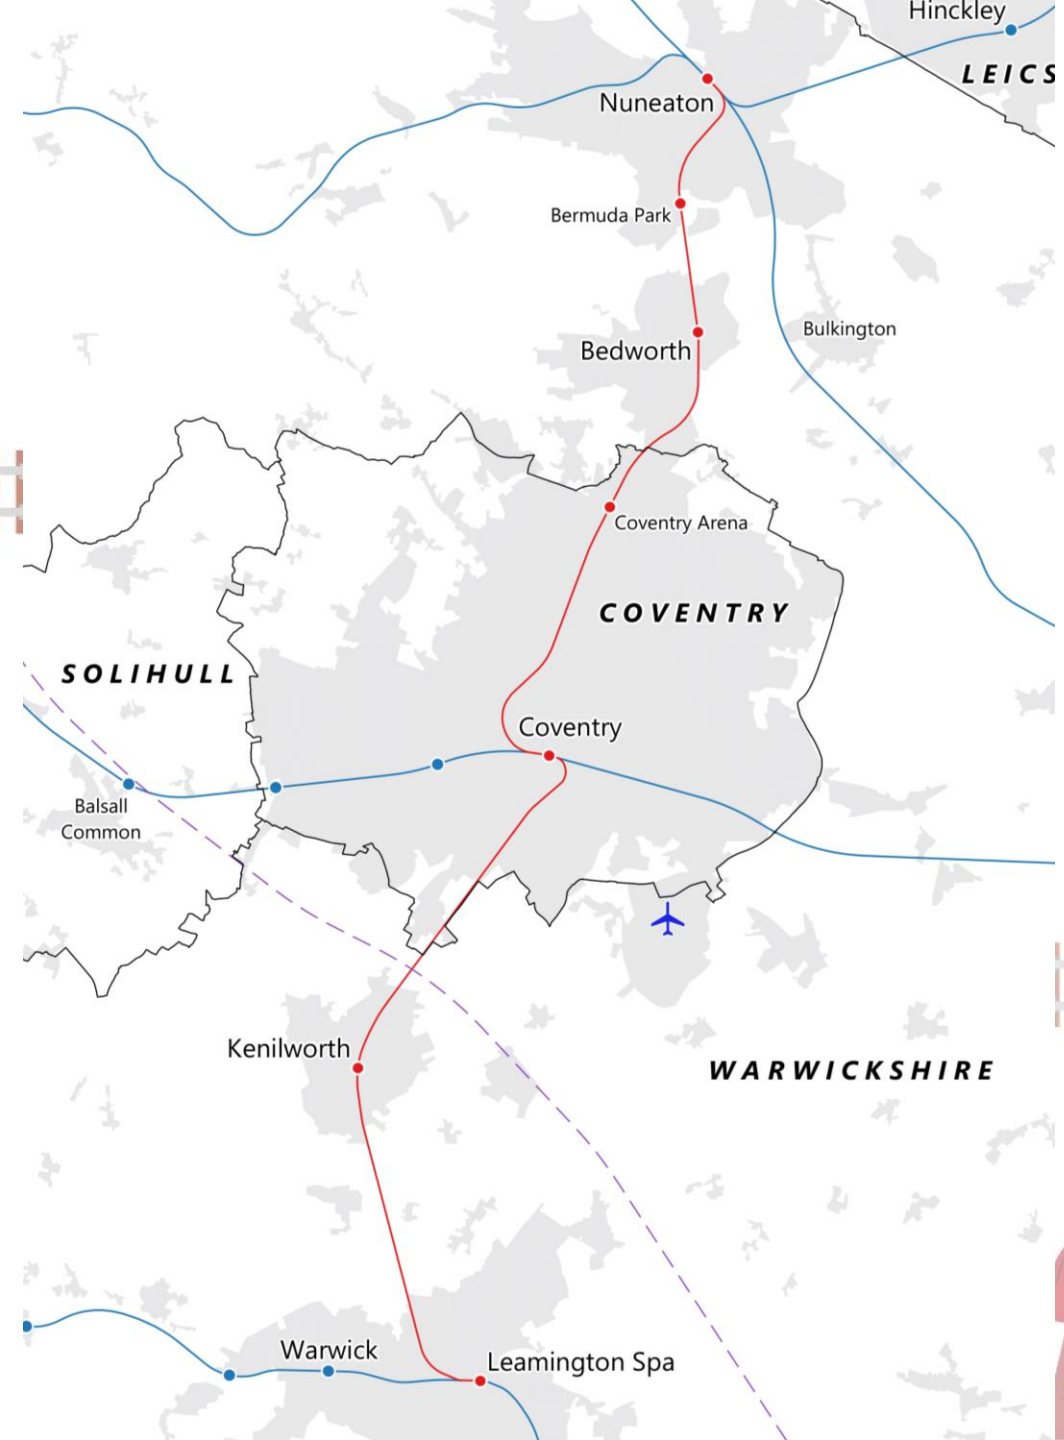

Train vs small petrol car
73% lower CO₂

Combine train travel with sustainable travel modes such as cycling and walking, for a healthier, greener lifestyle.

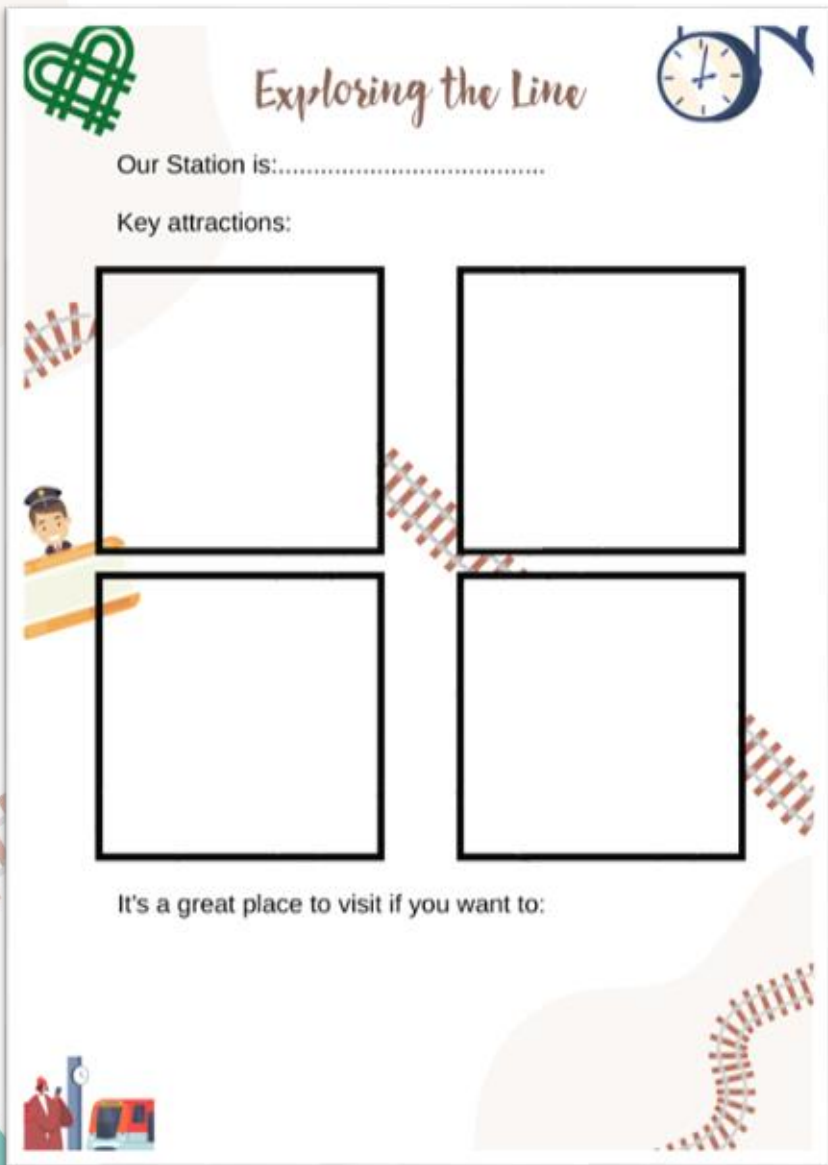

The Nuneaton – Leamington Line

Group Activity

The worksheet is titled "Exploring the Line" and features a green knot icon in the top left and a blue clock icon in the top right. It contains the following text and layout:

Our Station is:.....

Key attractions:

It's a great place to visit if you want to:

At the bottom left, there is a small illustration of a train station with a train and people.

In groups, research one of the stations along the line (your teacher will assign you the station).

Fill in the 'Exploring the Line' worksheet.

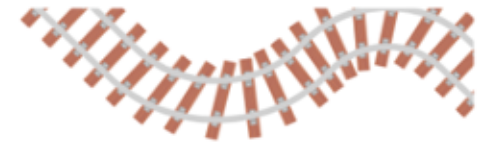

Decide as a group who is going to feedback to the rest of the class about what you discovered about your station.

Have your say

Competition Entry

Please write your name, class and school on the
back of this slip

My entry for the new line name is:

I chose this name because:

Good Luck!
