

The Heart of England Community Rail
Partnership cordially invites you to

Go Green By Train Pledge Day

WEDNESDAY 20TH OCTOBER

Coventry Station
Station Square
Coventry CV1 2GT

As part of Community Rail Week's **Go Green By Train** campaign, the Heart of England Community Rail Partnership cordially invites you to our pledge day on Wednesday 20th October. We are asking community groups, organisations and members of the public to sign an 'I'm going green by train' pledge card to highlight the environmental benefits of railway travel in the lead up to COP26.

Guests are invited to come to Coventry Station anytime between 7am - 1pm to sign the pledge and to find out how the CRP and its partners are promoting and adopting sustainable working practices. Photos of the pledges will be made into a video montage and posters to be displayed at stations, on the CRP website and on social media.

If you're not able to attend but would like to sign the pledge, then we can send an online version of the pledge. We just ask that you send us a photo of you and your pledge for us to share.

For further information, or if you have any questions, then please email HeartCRP@warwickshire.gov.uk or contact the CRP Officer, Julia Singleton-Tasker, on 07827 954 022
