

# Family Network Service

**DID YOU  
KNOW?**

Information  
for  
families!

## The service offers:

**A Family Network Meeting (FNM)** is a family led meeting where a young person's family and friends come together to make a plan to support them.

**Mediation** is a confidential, short process where a neutral third party assists two disputing parties to resolve conflict around child focused issues.

**Parenting Apart** is a bespoke 4-5 week program for conflicted separated parents to develop healthy co-parenting and positive child relationships.

**Lifelong Links** is for young people in care and those with care experience under 25 years old. The service helps them rebuild and maintain connections with important people in their lives, ensuring they remain fully supported into adulthood.

To find out more scan the QR code or speak to your social worker, family support worker, or any other professional working with you. Call **01926 414 147** or email [fns@warwickshire.gov.uk](mailto:fns@warwickshire.gov.uk)
