

**Purpose:** To serve and protect our community, making Warwickshire a safer place, to live, work, visit and prosper

**Vision:** Warwickshire's communities & individuals are supported, to be safe, healthy & independent

**Foreword**

**Our Aims**

Our focus for Warwickshire Fire and Rescue Service (WFRS) is clear; that we will always prioritise the delivery of our statutory duties by reducing risk and vulnerability within Warwickshire through Prevention, Protection and Response activities. As a part of Warwickshire County Council (WCC) and working with partners we will continuously improve our overall performance to be the best we can be.

**Our Offer**

We will communicate how we intend to use our resources and deliver our services to our community most effectively and efficiently through our Integrated Risk Management Plan and to our people, through clear business plans and our continuous improvement and change programme.

**Our Key Challenges**

Our protection services must be capable of providing sound advice to our customers and carry out rigorous risk-based inspections and enforcement actions.

We must provide clear risk-based response standards, improving our services wherever we can, focusing on crewing and on-call availability challenges. We must ensure we develop suitable and sufficient training and development facilities to ensure our Firefighters are both safe and proficient.

The Covid19 pandemic has had a significant impact on the communities we serve. These impacts include decreased levels of employment, reduced economic growth and increased social isolation and vulnerability. We know that these factors increase the number and severity of fire and rescue related incidents and place an increased demand on our services through prevention, protection and response activities.

**Our Priority Outcomes**

We will work with colleagues and partners to:

Ensure we can identify the most vulnerable in our community and work together to drive down risk and prevent incidents occurring.. Our safe a well work is our primary method to best deliver our services to vulnerable people or to signpost and refer their needs to our partners.

Support our businesses and our residents to feel and be safer in their places of work and homes. Using our Protection: Fire Safety skills to help businesses be more resilient, therefore supporting a more sustainable and secure economy.

Reduce demand on public services and improve our overall efficiency and effectiveness, through making the best use of our niche skills, resources, digital, data and technology.

**Our 3 Key Tenets**

**#1**We will always prioritise the delivery of our statutory duties, focussing on public and Firefighter safety.

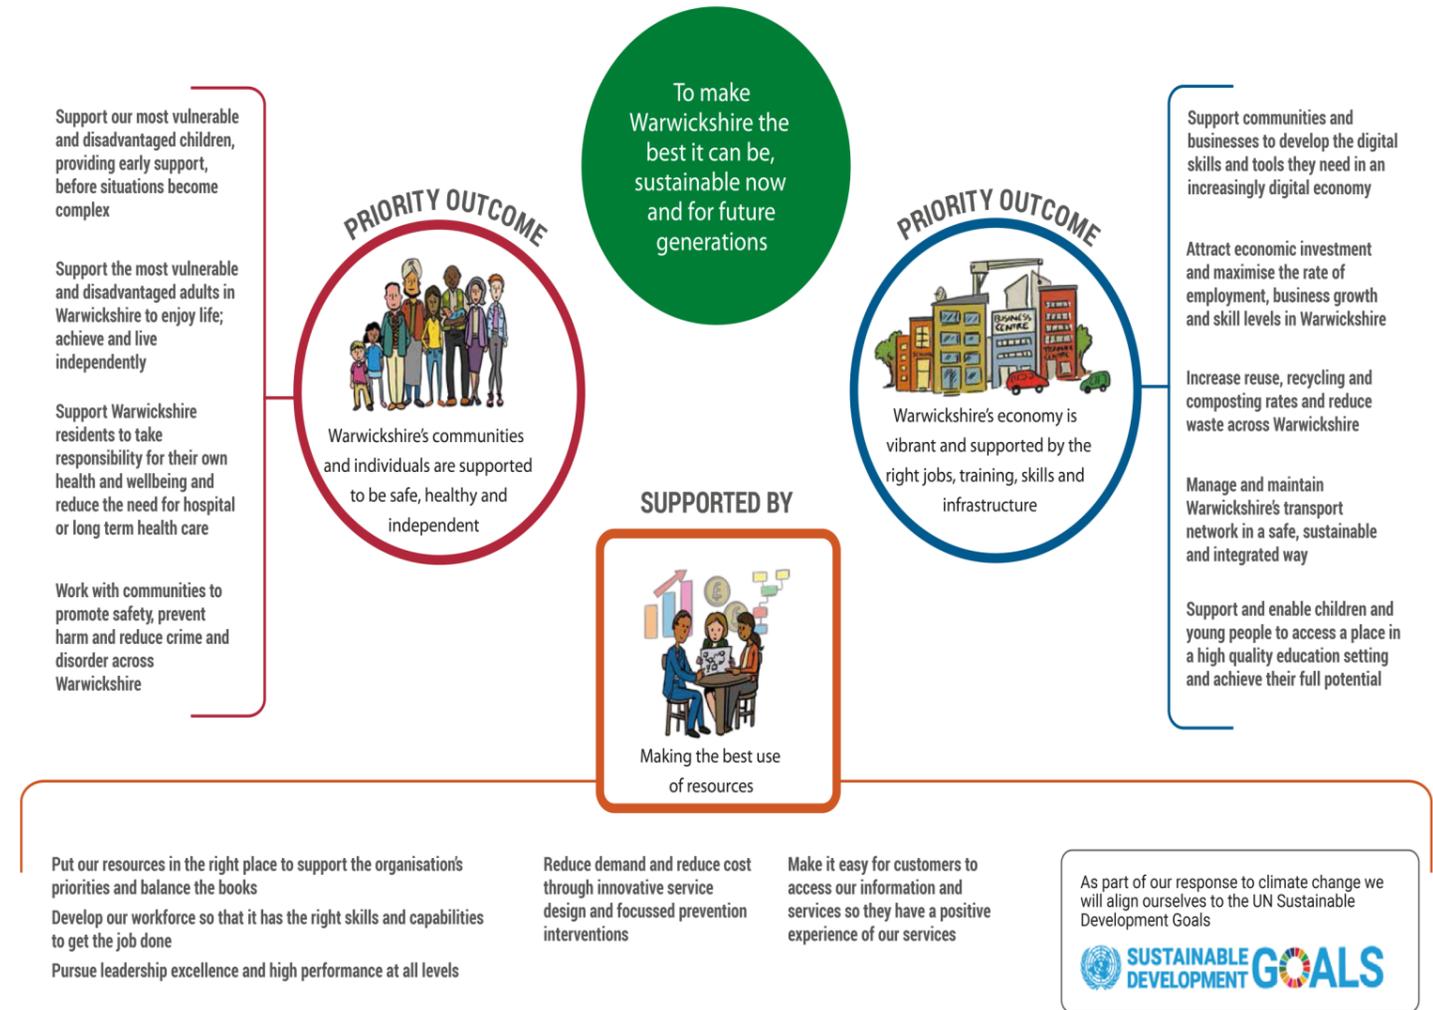

**#2**We will strive for continuous improvement and create change with our County Council and partners, to deliver the best possible 'joined up' customer services and outcomes for our community.

**#3**We will also focus on developing, valuing and empowering our people, undoubtedly our greatest asset; recognising this value and nurturing an inclusive culture, so we grow with our society and better support our priorities.

**Kieran Amos, Chief Fire Officer– Warwickshire Fire and Rescue Service**

**Our Vision - what we are aiming to achieve**

**Our Structure**

**Continuous Improvement and Change**

Oversees the Fire Continuous Improvement and Change programmes; assesses the impact of any Government, regional or local changes on the Service; and ensures that projects and developments are resourced in line with our Service priorities.

**Customer Service**

Ensures we provide a suitable and sufficient response to the public. It includes Operational Response, Prevention, Fire Protection, Operational Planning and Service Control. We aim to achieve 100% satisfaction.

Review delivery of all services to reflect post Covid-19 possibilities and opportunities.	1 Apr 2020	31 Mar 2021	Agile and flexibly changing to meet the recovery phase of the Covid-19 response and recovery	Fire Change	FLT

### Our Performance Measures

High performing Collaborative Customer focused Accountable Trustworthy

We measure our success through a set of agreed performance measures. 64 Key Business Measures (KBM's) demonstrate to the public and Members how well we are performing and delivering the agreed outcomes. Key Business Indicators (KBI's) support the KBM's and are monitored at Service and Directorate level. The table below outlines the WFRS agreed KBM's and KBI's.

In addition there are Corporate Health Measures which provide assurance to our Leadership Team that the organisation is delivering all of its statutory obligations and managing risks in a responsible way.

### Service Measures

Key Business measures (Bold) & Key Business Indica-	2019/20 Actual	2020/21 Aim

Firefighter pension issues (various)	Apr 2020	Mar 2021	Clarification of national position and locally agreed solution in place	Finance

## Change Portfolio Benefits

The Change Portfolio is the name given to programmes and projects across the organisation that are necessary to deliver the changes we need to improve the services and products that we offer. It is important that we do this in a co-ordinated way to ensure we prioritise our resources effectively and efficiently, that we avoid duplication and unnecessary activities and that we comply with our duties within the constitution. This page provides an overview of the change portfolio as a snapshot in time and will continue to develop in conjunction with services.

### Contribution to the delivery of the Change Programme

Our Continuous Change and Improvement Programme consists of 7 key projects:

- Day Crew Plus;
- Flexible Crewing;
- Culture;
- IRMP;
- Digital and Data;
- Training; and,
- Commercial.

The aim of this programme is to imagine and prepare for tomorrow creating the environment and culture, the digital solutions, the buildings and resources, systems and processes that enable effective, efficient and sustainable services to the community and make Warwickshire the best it can be.

**Our contribution to WCC Core Strategies**

The table below sets out how the service contributes to WCC's core suite of strategies. These are the strategies of greatest strategic significance to the Council. They often operate council-wide and are built upon contributions and efforts from across multiple services and partnerships. Over the coming year this set of strategies will be further refined and consolidated using the 'Why, What, How' framework and the link to business planning framework further strengthened.

Core Strategies	Strategy Delivery		Delivery Plan for 20/21 details & key associated PIs	Governance/reporting arrangements
	Lead Service	Supporting Services		
Warwickshire Local Transport & associated strategies	Communities Environment	Fire & Rescue	Focused on 6 objectives Efficient & reliable transport network. Reducing impact of transport on people & environment Reducing death, injury & illness from transport Integration of transport Reducing transport transmissions Annual Capital Programme/LTP plan	
Local Flood Risk Management Strategy	Environment services Communities Business & Customer Services Fire & Rescue Enabling Services		In development	Annual Partnership Conference & to Overview & Scrutiny Committee
Safe in Warwickshire Community Safety Agreement	Environment Services	People-Strategic Commissioning Fire & Rescue Commissioning Support Unit Communities	Priorities are: Violence and abuse, Substance misuse, Anti-social behaviour, Hate crime, Road safety and Acquisitive Crime;	Reports to Warwickshire Community Safety Partnership
