

Are you a business who would like to make a difference to unpaid carers?

By partnering with MyTime, your business can play an active role in supporting not only your own workforce with caring responsibilities, but carers across the wider community.

The scheme offers a simple way to donate experiences such as meals, event tickets or short breaks, which can then be accessed by unpaid carers in recognition of their vital role.

Supporting employees with caring responsibilities can also have a positive impact on staff wellbeing, engagement and retention. Enabling carers to take time for themselves, even in small ways, can help to reduce stress and allow them to return to work feeling more focused and supported.

"To just step outside my role as a carer even for that short time, it's invaluable." - Carer

Your business may also benefit through positive publicity, meeting Corporate Social Responsibility goals, and becoming part of a network of businesses making a positive impact.

MyTime is a programme delivered by the charity Local Solutions in partnership with Warwickshire County Council.
