1. Introduction

Rugby Free Secondary School is an 11-19 secondary school established via the free schools programme. It aims to provide a high-quality education for local students and prepare them for higher education or employment in a safe, welcoming and stimulating environment. It is a co-educational school open to children of all abilities from all backgrounds. The curriculum is broad and balanced with all students studying a wide range of subjects. Our inclusive admissions process will at all times be open, transparent and fair, and will meet the requirements of the national Schools Admissions Code, the Appeals Code and admissions legislation.

2. PAN and Oversubscription Criteria

The published admission number is 180 places in each year of entry into Y7 from September 2016 when the school opened. The school will admit up to this number each year to seven forms and when full, the school will have 1,260 pupils on roll including 360 in the sixth-form (details of admission to the sixth-form in Y12 will be made available separately on the school website www.rugbyfreesecondary.co.uk).

In accordance with the law, children with statements of Special Educational Need or with an Education Health and Care Plan will be admitted to the school where the Local Authority has specifically named Rugby Free Secondary School as the most appropriate placement. In the event of there being greater demand than there are places available to the school, places will be offered using the following oversubscription criteria in keeping with the Admissions Code:

1. Looked After Children and Previously Looked After Children. This category includes children in the care of the Local Authority as defined under section 22 of the Children Act 1989 or children who have previously been looked after and immediately after being looked after became subject to adoption, residence or a special guardianship order. Applications made under this criterion must be accompanied by details of circumstance and professionally supported evidence.
2. Children with a sibling at the school at the time of admission. The term 'sibling' includes an adopted, half or stepchild permanently living in the same family unit or

a foster child permanently living in the same family unit whose place has been arranged by the social service department of the Local Authority.

3. Where the prospective student is the child of a permanent member of staff at Learning Today leading Tomorrow Trust, who has been employed for a period of more than one academic year at the time when the application is made.
4. A child subject to a Child Protection Plan for whom Rugby Free Secondary School is their nearest school.
5. Children attending Rugby Free Primary School as a named feeder school.
6. Proximity to the school. This will be measured in a straight line from the Address Point of the child's home (OS Address Point) to the Address Point of the school site using GIS software. A priority area map for schools in Warwickshire can be found [here](#).

2.1 Notes

1. A child looked after is a child in the care of a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. An adopted child is defined by section 46 of the Adoption and Children Act 2002. A residence order is defined by section 8 of the Children Act 1989. A special guardianship order is defined by section 14A of the Children Act 1989.
2. Proximity of the child's home to the school, with those living nearer being accorded the higher priority within the oversubscription criterion, will also serve to differentiate between pupils in criteria 2 and 3 if there are more applicants than available places under each criterion. Where applicants are allocated the same criterion priority is given in order of distance between the child's home and the school applied for (shortest distance = highest priority). Transport assistance will not be approved on the sole basis that the school offered is the priority area school and will only be provided in accordance with Warwickshire county council home to school transport policy. This may mean that the nearest appropriate school for transport purposes may be a school in a different priority area.

Proximity to the school will be measured in a straight-line measurement. The definition of a home address is where the child normally resides/sleeps when they

attend school. Addresses involved in child minding (professional or with relatives) are excluded. Applicants will be prioritised by distance (starting with the nearest). For the purpose of calculating distances, GIS software will be used.

3. Blocks of flats are treated as one address. In blocks of flats, where applicants have identical distance measurements, priority amongst them will be determined at random by an independent person of good standing drawing lots in a supervised process, see below (Tie Breaker).
4. For families living on boats, distance will be measured from the authorised mooring point. If the family is itinerant, the mooring point will be that used on the closing date for the receipt of applications.
5. Where parental responsibilities are equally shared, the home or residential address will be considered to be with the parent/carer with whom the child spends the majority of time and nights Monday to Friday. This will normally be expected to be with the parent/carer that receives any Child Benefit. This address must be used for all preferences.
6. Children residing in the same household as part of an extended family, such as cousins, will not be treated as siblings. Proof of the sibling relationship will be required.
7. In cases of multiple births where there is only one place available, and the next child on the list is a twin, triplet, or other example of multiple birth, we would admit both twins (and all the children in the case of other multiple births) even if this meant exceeding the agreed PAN for that year group.

3. Tie Breaker

In the event that two or more children live at the same distance from the school, the tie breaker will be random allocation.

The draw will be carried out by two officers of the admissions service, children and young people and family's directorate in the presence of senior solicitor, legal service and performance development directorate. The order of the draw will be recorded and countersigned at the time.

Any further offers made at a later time from the waiting list will be freshly drawn in the same manner.

4. Waiting List

Unsuccessful applicants (including any applications received after the closing date) will be included on the school's waiting list ranked in order of priority under the published oversubscription criteria, without regard to the date that the application was received. Please note a child's position on the waiting list can go down as well as up. For example, if a new application is received which meets higher priority selection criteria, the waiting list may need to be revised. The offer of a place does not depend on the length of time on the waiting list. Waiting lists will be held for one school year after the Year of entry, unless parents specifically request to have their child's name remain on the list.

5. Appeals Procedure

When the appropriate year group is oversubscribed, LT2 will organise an independent admissions appeal panel to consider any appeal against the initial decision not to offer a place. The panel's decision is final.

Applications to appeal should be made in writing, to the school. The independent admissions appeals panel is convened as required throughout the year within 30 days of the formal request. Applicants may re-appeal during the current academic year if there is a significant change of circumstances (e.g. change of address).

6. In Year Admissions

For in year admissions, parents /carers must apply to their local authority. For Warwickshire this is via the online service launched in March 2019. Applications will be considered in accordance with above oversubscription criteria. In the event that it is not possible to offer a place the waiting list procedures described above will apply. For appeals against the decision not to offer an In Year place, please contact the school direct.

7. Correspondence

Applications for places at Rugby Free Secondary School should be made via the local authority

8. Consultation

Trustees recognise their duty to consult with the Local Authority and with other schools within the Local Authority regarding admissions arrangements, at which time this policy will be reviewed.
