

Composite Prospectus 2026/2027

This Composite prospectus has been compiled to provide parents with all key information on Warwickshire Schools to support the school admissions application process.

For queries or further support, please
contact School Admissions on **01926 414143**
or e-mail **admissions@warwickshire.gov.uk**

Applying for a School Place

When applying for a school place, please consider the following:

- You can choose up to six preferences on your application
- Please do not include only one school on your application form. We will consider all your preferences in order. If you only put one school choice and we cannot provide it, we will allocate you the closest school with an available place, but only after all the other applications and preferences have been considered.
- You should always consider including your priority (catchment) school as a preference. If you do not add it, we will not consider it.
- You should always consider how your child will travel to/from school, bearing in mind that there is no guarantee that you will receive home-to-school transport.
- Please note that living in the priority area does not guarantee an offer of a place at that school.

N.B All data relating to Great Alne Primary School has been omitted as this school is now closed.

Contents

Schools by Area and Type.....	1
Warwickshire County Council Admission Arrangements for Community and Voluntary Controlled Schools (2026/27)	19
Definition of looked after and previously looked after children	23

Warwickshire County Council Admission Arrangements for Community and Voluntary Controlled Schools (2026/27)

Warwickshire County Council is the Admissions Authority for all community and voluntary controlled schools within Warwickshire.

These admission arrangements should be read in conjunction with the Warwickshire coordinated scheme for admission to school in 2026.

A separate application must be made for any transfer from nursery to primary provision, and from infant to junior school.

Offers for the 2026 entry year will be made up to each school's Published Admission Number (PAN) as outlined in this document.

If the number of applications for any school is less than the published admission number, then all applicants will be offered a place.

The Admissions Service may request additional evidence to determine a child's eligibility within the oversubscription criteria.

Warwickshire County Council's relevant area for consultation is contained within the administrative area of Warwickshire County Council.

When a Warwickshire Community or Voluntary Controlled School is over-subscribed, after the admission of pupils with an Education, Health and Care plan naming the school, priority for admission will be given to those children who meet the criteria set out below, in priority order.

Primary Schools (reception entry):

1. Looked after children and all previously looked after children, including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.
2. Children eligible for the Early Years Pupil Premium, Pupil Premium or Service Premium at the time of making the application, with no more than 14% of the places available to be allocated under this criterion on National Offer Day.
3. Children who are currently, or have been at any point since birth, subject to a Child in Need Plan or a Child Protection Plan, with no more than 9% of the places available to be allocated under this criterion on National Offer Day.
4. Children living in the Priority Area for the school, who will have a sibling attending the same school in Years 1 to 6 at the time of admission in September 2026.
5. Other children living in the Priority Area for the school.
6. Children living outside the Priority Area for the school, who will have a sibling attending the same school in Years 1 to 6 at the time of admission in September 2026.
7. Other children living outside the Priority Area for the school.

Infant Schools (reception entry):

1. Looked after children and all previously looked after children, including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care because of being adopted.
2. Children eligible for the Early Years Pupil Premium, Pupil Premium or Service Premium, at the time of making the application, with no more than 14% of the places available to be allocated under this criterion on National Offer Day.
3. Children who are currently, or have been at any point since birth, subject to a Child in Need Plan or a Child Protection Plan, with no more than 9% of the places available to be allocated under this criterion on National Offer Day.
- 4a. Children living in the Priority Area for the school, who will have a sibling attending the same school in Year 1 or 2 at the time of admission in September 2026.
- 4b. Children living in the Priority Area for the school, who will have a sibling attending the Partner Junior School at the time of admission in September 2026*.
5. Children living outside the Priority Area for the school.
- 6a. Children living outside the Priority Area for the school, who will have a sibling attending the same school in Year 1 or 2 at the time of admission in September 2026.
- 6b. Children living outside the Priority Area for the school, who will have a sibling attending the Partner Junior School at the time of admission in September 2026*.
7. Other children living outside the priority area for the school.

Junior Schools (Year 3 entry):

1. Looked after children and all previously looked after children, including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care because of being adopted.
2. Children eligible for the Early Years Pupil Premium, Pupil Premium or Service Premium, at the time of making the application, with no more than 14% of the places available to be allocated under this criterion on National Offer Day.
3. Children who are currently, or have been at any point since birth, subject to a Child in Need Plan or a Child Protection Plan, with no more than 9% of the places available to be allocated under this criterion on National Offer Day.
- 4a. Children living in the Priority Area for the school, who will have a sibling attending the same school in Year 1 or 2 at the time of admission in September 2026.
- 4b. Children living in the Priority Area for the school, who will have a sibling attending the Partner Junior School at the time of admission in September 2026*
5. Other children living in the priority area for the school.
- 6a. Children living outside the Priority Area for the school, who will have a sibling attending the same school in Year 1 or 2 at the time of admission in September 2026.
- 6b. Children living outside the Priority Area for the school, who will have a sibling attending the Partner Junior School at the time of admission in September 2026*.
7. Other children living outside the priority area for the school.

* If you are also applying for a Year 3 place at the Partner Junior School for another child, for entry in September 2026, please be aware that they will not be considered as a sibling link for the infant school applicant until after that child has been offered a place at the junior school and started attending.

Definition of looked after and previously looked after children

Previously looked after children are children who were looked after but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order). All references to previously looked after children mean such children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been looked after and those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care because of being adopted.

A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society. This includes children who were adopted under the Adoption Act 1976 (see Section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see Section 46 adoption orders).

Child arrangements orders are defined in Section 8 of the Children Act 1989, as amended by Section 12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order. Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).

A copy of any relevant documents may be requested as evidence at any time during the admissions process.

Clarification on places available for those confirmed entitled to Early Years Pupil Premium, Pupil Premium and Service Premium

Where stated, priority is available for children who are confirmed eligible for Early Years Pupil Premium, Pupil Premium or Service Premium with no more than 14%* of the places available to be allocated under this criterion on the relevant National Offer Day. The child must be confirmed eligible for the premium at the time the application is made.

To confirm eligibility for Early Years Pupil Premium (EYPP), either the early years provider must be in receipt of the premium, or an application for free school meals has returned an eligible result.

To confirm eligibility for Pupil Premium, an application for free school meals must return an eligible result, or the child's current school is in receipt of the premium (in-year and year 3 junior applications)

For applications to start school in Reception only - To claim for Early Years Pupil Premium (EYPP), you **must** fully complete and sign the EYPP application section on the Parental Declaration Form (PDF) given to you by your Early Years provider.

However, you can check your eligibility by completing an application for free school meals at: www.warwickshire.gov.uk/freeschoolmeals. Please note this does not mean your child would be entitled to free school meals from your Early Years provider. Completing an application for free school meals will enable Admissions to check whether your child would be entitled to EYPP.

**14% represents the national figure (13.7%) of children in receipt of Free School Meals, as stated within the Department for Education's Statistical Publication entitled, 'Schools, Pupils and their Characteristics', issued in June 2018.*

If the number of places from the percentage results in a decimal number, then this will be rounded down to a whole number if .4 or below and rounded up to a whole number if .5 or above. E.g.: 14% of 30 = 4.2. In this case, the number of places available to allocate within this criterion would be rounded down to a whole number of 4.

Clarification on places available to those subject to a Child in Need Plan or a Child Protection Plan.

Where stated, priority is available for children who are subject to a Child in Need Plan or a Child Protection Plan at the time of making the application, or who have been at any point since 1 September 2015, with no more than 9%** of the places available to be allocated under this criterion.

Further checks will be undertaken by Warwickshire County Council to confirm circumstances for children who are considered under this criterion. Relevant documents may also be requested from applicants at any time during the admissions process.

***9% represents an average figure (8.7%) within the local authority of children either in need or on a child protection plan (where the conference stage commenced), when compared with cohort sizes of children aged 4 – 16, resident in Warwickshire within the 2017/18 academic year. Data obtained from the Department for Education's statistical publication entitled, 'Characteristics of Children in Need', which contains analysis of data obtained in March 2017.*

If the number of places from the percentage results in a decimal number, then this will be rounded down to a whole number if .4 or below and round up to a whole number if .5 or above.

E.g.: 9% of 30 = 2.7. In this case, the number of places available to allocate within this criterion would be a rounded up to a whole number of 3.

If there are more applicants who comply with either criterion 2 or 3 than the number of places available under that criterion, places will be allocated based on the distance between home and school, in line with the rules set out in these criteria for 'Priority within each over-subscription criterion'.

Children not offered under either criterion 2 or 3, because there were more eligible applications than places available, will be re-ranked in accordance with their relevant position within criteria 4 – 7 (4 - 8 for Junior applications).

Definition of Priority Areas

Each community and voluntary controlled school has an area identified as its Priority Area (this is sometimes referred to as a 'catchment area').

Parents can find their Priority Area, or nearest school, by using the calculator which can be found on the Warwickshire County Council website by visiting:

<https://www.warwickshire.gov.uk/school-transport/nearestpriority-area-school-calculator>.

Please note, some own admission authority schools do not have a priority area.

Details of all community and voluntary controlled school Priority Areas are also available on the Warwickshire County Council website and can be viewed using interactive maps.

Infant and Primary School Priority Area Maps can be viewed at:

<http://www.warwickshire.gov.uk/mapinfantprimaryschools>

Junior and Primary School Priority Area Maps can be viewed at:

<http://www.warwickshire.gov.uk/mapjuniorprimaryschools>

Priority within each oversubscription criteria

Where applicants are allocated the same oversubscription criteria, priority is given in order of distance between the child's home address and the school applied for, with the shortest distance being given highest priority.

Distance will be calculated by using a straight-line measurement from the address point location of the applicant's home address (as set by Ordnance Survey) to the pre-determined point ('centroid') of the school in question. All distances are subject to changes which may occur with updates of mapping data.

Tie Break

Where the distance from home to school is identical for two or more applicants within the same oversubscription criteria individual priority will be determined by random allocation using a random number generator. The allocation will be carried

out by two officers of the Admissions Service in the presence of a local authority solicitor.

The result of the draw will be recorded and countersigned at the time by all parties involved. Applicants will be notified of the outcome in writing.

Definition of Sibling

Sibling is defined as a brother or sister, a half brother or sister, a step brother or sister, an adopted brother or sister, a child living at the same address who is being Looked After by a local authority, or the child of a parents' partner, where the child for whom the school place is being sought is living in the same family unit and at the same address as that sibling.

Child's Home Address

Details of the child's permanent address must be included on the application for a school place, even if the family are planning to move house after any application deadline.

Where children spend part of their week with one parent and part with another, at different addresses, parents must apply using the address at which the child spends the majority of the school week. This address will be used for determining any school Priority Area and the distance from the relevant school(s).

If arrangements are such that a child resides at two addresses for equal amounts of the school week, then parents **must** agree which address to use for the application.

Where parents cannot agree on the address to be used on the application, it will be processed in accordance with the section on application disputes below.

Who can apply?

Section 576 of the Education Act 1996 defines "parent" as: All natural (biological) parents, whether they are married or not; any person who, although not a natural parent, has parental responsibility for a child or young person; any person who, although not a natural parent, has care of a child or young person.

Application Disputes

In the same way that parents must agree what address to use on their child's school application, they must also agree on the preferences applied for. Whether living at the same address, or living separately, parents should not submit more than one application.

Where parents cannot agree on the address to be used, or two applications are received for the same child, in the same admissions round, and the address and/or preferences differ, in the absence of any court order determining what the address and/or parental preference should be, the Admissions Service will first try and seek parental agreement. However, if by the relevant National Closing Date, parents are not in agreement, Warwickshire County Council will use a random number generator to determine which address or application to process.

The allocation will be carried out by two officers of the Admissions Service in the presence of a local authority solicitor.

The result of the draw will be recorded and countersigned at the time by all parties involved. Applicants will be notified of the outcome in writing.

Children of UK Service Personnel and Crown Servants

Warwickshire County Council supports the Government's commitment to removing disadvantage for service children.

For families of service personnel with a confirmed posting, or crown servants returning from overseas, who apply for a place in a Community or Voluntary Controlled school, a place will be offered (where available) in advance of the family arriving in the area, provided the application is accompanied by an official letter that declares a relocation date. Applications will be processed even if the family does not yet have an intended address or are not yet living in the area.

The Admissions Service will use the address at which the child will be living when applying the oversubscription criteria, as long as evidence of the intended address is provided. Parents can request that a Unit or quartering area address (the address of the closest house in the nearest quartering area) is used as the child's home address in the absence of an intended address. However, this is only possible where the Unit address is in the same local authority as the intended new home address.

If the Unit address is in a different local authority, the family must provide evidence of the intended home address when they apply.

Waiting lists

Children will automatically be added to the waiting list of any community and voluntary aided schools listed as a higher preference than the school allocated.

Waiting lists are ranked according to the relevant oversubscription criteria above and will not take into account the date individual applications were received or the length of time a child has been on the list.

Waiting lists are held until at least 31 December of each school year of admission and any new child added will require the list to be ranked again in line with the published oversubscription criteria.

Admission of children below compulsory school age and deferred entry to school

Admission authorities are required to make available a school place for all children in the September following their fourth birthday, if applied for by a parent.

Children offered a place in Reception are entitled to a full-time place in the September following their fourth birthday. However, parents can defer the date their child is admitted to the school until later in the school year, although not beyond the point at which they reach compulsory school age (the term after their fifth birthday) and not beyond the beginning of the final term of the school year (Spring Term) for which it was made.

Where parents wish, children may attend part-time until later in the school year but not beyond the point at which they reach compulsory school age.

In both cases, an application for a school place must be made in line with the coordinated admissions process for the relevant year of entry. Once a school place is offered, parents or carers can notify the relevant school that their child's entry is to be deferred or discuss with the school a part-time timetable in accordance with the time frame set out above.

Admission of children outside their normal age group

There are a number of reasons why a child may be taught outside of their normal age group, for example, an exceptionally gifted and talented child may be taught a year group above their chronological age group (known as accelerated) or a child who has special educational needs, a disability or experienced ill health may be taught in a year group below their age group (known as deceleration).

In addition, parents of 'summer born' children (born between 1st April and 31st August) may choose not to send their child to school until the September following their fifth birthday, when they reach compulsory school age, and may request that they are admitted outside of their normal age group – into a reception class rather than starting school in year 1 with their chronological year group.

Parents are encouraged to read the LA's guidance for education out of year group requests which can be found [here](#). The guidance sets out the potential risks and disadvantages for children taught in a year group other than with their own age group. It makes clear that, when the child moves schools, the admission authority of the new school will be responsible for deciding in which year group the child will be placed. This could result in the child being required to skip or repeat a year.

An admission authority must decide the age group to which a child should be admitted before it can decide whether a place can be offered in that age group. Although there is no statutory barrier to children being admitted outside their normal age group, parents do not have the right to insist that their child is admitted to a particular age group.

Application forms to request education out of year group, for children yet to start school, can be found in the LA's education out of year group guidance as mentioned above.

The relevant sections of the guidance are:

- Accelerated Entry – for exceptionally gifted and talented children for whom parents are seeking a school place a year ahead of their normal point of entry,

- Delayed Entry – for children with a medical or special educational need or disability where it is felt it would be more appropriate for them to start school a year after their normal point of entry, and
- Summer Born Children - for children born between 1st April and 31st August for whom parents have chosen to delay their entry to school until the following academic year (when they reach compulsory school age), and parents would like to request the child is educated out of year group in a reception class rather than in year 1 with their chronological age group

For accelerated entry requests the relevant EOYG form, must be submitted at the same time as the school application, for the year group in which parents would like their child to start school.

For delayed entry and summer born education out of year group requests the relevant EOYG form **must** be submitted to the local authority at the same time that parents apply for their child's school place in their chronological year group. (for summer born children, this is the September after the child's fourth birthday even if parents have chosen to delay their child's entry until the following year). This will ensure that the application can still be processed if the request to be educated out of year group is not supported.

For in-year applications and transfers between education phases (i.e. from an infant to a junior school, or from primary to secondary), parents should complete the EOYG Changing Schools form.

Warwickshire County Council is the admission authority, and therefore the decision maker, for all voluntary controlled and community schools.

For further information or to download the relevant Educated out of Year Group request form please visit the Warwickshire School Admissions [website](#)

Warwickshire County Council In-Year Admissions Process 2026/2027 Academic Year

Background

In-year applications are those when a parent or carer wants their child to change schools during the school year, perhaps because of a house move or other change in personal circumstances. They are applications that fall outside the standard Coordinated Scheme and will follow the process outlined in this document.

Warwickshire County Council coordinates the in-year applications for all community and voluntary controlled schools, and the majority of own admission authority schools, such as academies. The full list and contact details of schools that manage their own in-year applications can be found on the [Warwickshire Admissions webpages](#).

All processes set out for In-year school admissions will be undertaken in line with the School Admissions Code (2021).

The document sets out the processes for the In-year change of school applications during the 2026/27 academic year. Further details on school admission and how to apply is available online at: www.warwickshire.gov.uk/admissions
Details of which school are local to the applicant's home address can be found online using the Warwickshire [Find a School webpage](#). The Warwickshire Admissions Team will be able to advise which schools have places available in each year group.

Details of which schools are local to the applicant's home address can be found online using the Warwickshire Nearest/Priority Area School Calculator. Parents can find a list of schools and whether they have vacancies or waiting lists by visiting Warwickshire Schools Vacancy List

Non-Warwickshire residents should contact the local authority in which they live to establish the in-year admissions process in relation to their home authority.

Applications to start school in reception or transfer to a junior or secondary school in September 2026 must be made in line with the Coordinated Scheme for admission to school in September 2026.

Admission Arrangements

All admission authorities are required to have a set of admission arrangements that clearly set out how children will be admitted, including the criteria that will be applied if there are more applications received than places available at that school. Details of all Warwickshire's publicly funded schools and their admission arrangements are published on the Admissions website.

All in-year applications will be processed in line with the determined admission arrangements for the relevant schools.

Applying for an In-year school place

Applications from Warwickshire residents wanting their child to move schools during the year should be made using Warwickshire's online application system, via the [Warwickshire Admissions webpage](#)

Application forms for Warwickshire schools that handle their own in-year admissions are available directly from the schools. The full list and contact details of schools that manage their own in-year applications can be found on the [Warwickshire Admissions webpages](#). Any applications received by Warwickshire County Council for schools which handle their own in-year admissions will be forwarded to the school in question.

Consideration of applications

Upon receipt of a completed In-year application, the Admissions Service will consider each school in the order of preference shown on the application beginning with the school listed as the first preference.

All community and voluntary controlled schools, along with the own admission authority schools are required to provide updated data confirming available vacancies data on a weekly basis.

Offers will be made in line with the relevant admission arrangements, including oversubscription criteria where applicable. Application updates and outcomes will be sent via the parent portal where the application is made online, otherwise, a letter will be sent notifying of the decision via email or post. Letters are only posted where an email address is not available.

Where the first preference school is not able to offer a place then the relevant oversubscription criteria will be used to determine the child's place on the school's waiting list.

Further preferences named on the application will then be considered in order, using the same process as outlined above, until a place can be offered at one of the schools named on the application, or all preferences have been exhausted.

Should it not be possible to offer a place at any of the preferences named on the application, and the child is unable to remain at their current school, then a place will be allocated at the next nearest school with availability. This could be either a community or voluntary controlled school or an own admission authority school which has a space, including voluntary aided schools and academies. The next nearest school with availability will be identified based on distance calculated by a straight-line measurement.

Appeals

Parents will be informed of their statutory right of appeal when they receive the outcome of their application. Parents can appeal for any preference where they have received a refusal.

Appeals for places at Community and Voluntary Controlled Schools can be lodged on the [Warwickshire School Appeals website](#). Own admission authority schools should be contacted directly for details of their appeals process.

Waiting Lists

Children will automatically be added to the waiting list of any Community and Voluntary

Controlled Schools named as a higher preference than the school allocated. Each waiting list will be ranked according to the admission policy and over-subscription criteria for that school. Waiting lists will not take into account the date individual applications were received or the length of time a child has been on the list.

Waiting lists will be cleared at the end of each term and parents must contact the Admissions Service to confirm their continued interest in remaining on the waiting list for a school and the details included in the original In-year application are still accurate.

Failure to confirm continued interest in a particular school by the beginning of both the Spring term and the Summer term will result in the child being removed from the relevant waiting list(s).

Own admission authority schools should be contacted directly for details of their waiting list policy.

Timescales

Warwickshire County Council aims to process in-year applications within 10 school days, in certain circumstances applications may take slightly longer to process but all applications will be processed within a maximum of 15 school days. The County Council will aim to notify the parents of the outcome of the application in writing within 10 school days where possible.

It is often not possible to process applications as effectively during the school holidays when schools are closed, particularly during the summer holiday period. Once a place is offered parents have **five working days** to accept the place, details of how to accept a place will be sent with the offer. If a place is not accepted within this time, then the offer may be withdrawn if a response is not received.

The child should start at the school within **twenty school days** of the place being **offered** unless an alternative start date has been agreed with the relevant school.

If the child does not start at the school within 20 school days of the offer being made, and parents have not agreed an alternative start date with the school, this may be seen as parent's not responding to an offer within a reasonable time.

Child's Home Address

Details of the child's permanent address must be included on the application for a school place, even if the family are planning to move house imminently.

Where children spend part of their week with one parent and part with another, at different addresses, parents must apply using the address at which the child spends the majority of the school week. This address will be used for determining any school priority area and distance from the relevant school(s).

If arrangements are such that a child resides at two addresses for equal amounts of time, then parents **must** agree which address to use for the application. Where parents cannot agree on the address to be used on the application, it will be processed in accordance with the details within application disputed.

Who can apply?

Section 576 of the Education Act 1996 defines “parent” as: All natural (biological) parents, whether they are married or not; any person who, although not a natural parent, has parental responsibility for a child or young person; any person who, although not a natural parent, has care of a child or young person.

Application Disputes

In the same way that parents must agree what address to use on their child’s school application, they must also agree on the preferences to be applied for. Whether living at the same address, or living separately, parents should not submit more than one application.

Where parents cannot agree on the address to be used, or two applications are received for the same child, in the same admissions round, and the address and or preferences differ, in the absence of any court order determining what the address and/or parental preference should be, the Admissions Service will first try and seek parental agreement. However, if by the relevant date, set by the Admissions Service, parents are not in agreement, Warwickshire County Council will use a random number generator to determine which address or application to process.

The allocation will be carried out by two officers of the Admissions Service in the presence of a local authority solicitor.

The result of the draw will be recorded and countersigned at the time by all parties involved. Applicants will be notified of the outcome in writing.

Children of UK Service Personnel and Crown Servants

Warwickshire County Council supports the Government’s commitment to removing disadvantage for service children.

For families of service personnel with a confirmed posting, or crown servants returning from overseas, who apply for a place in a Community or Voluntary Controlled school, a place will be offered (where available) in advance of the family arriving in the area, provided the application is accompanied by an official letter that declares a relocation date. Applications will be processed even if the family does not yet have an intended address or are not yet living in the area.

The Admissions Service will use the address at which the child will be living when applying the oversubscription criteria, as long as evidence of the intended address is provided. Parents can request that a Unit or quartering area address (the address of the closest house in the nearest quartering area) is used as the child’s home address in the absence of an intended address. However, this is only possible where the Unit address is in the same local authority as the intended new home address.

If the Unit address is in a different local authority, the family must provide evidence of the intended home address when they can apply.

Evidence of address

Either during the application process or after the offer of a school place, parents may be asked for proof of address.

School places will be allocated using the child's home address as included on the application form.

Acceptable documents to confirm a child's home address include:

- 2026/2027 Council Tax Bill
- 2026/2027 Council Tax Benefit letter/notice
- Utility bill (gas, water or electric), dated within the last 6 months
- Copy of tenancy agreement or mortgage statement for the property, dated within the last 12 months
- Copy of most recent Child Tax Credits or Child Benefit letter

Additional acceptable proof if moving home includes:

- a full copy of the signed tenancy agreement (which should be for a minimum of 6 months)
- or a letter from the family's solicitor confirming that there has been an exchange of contracts on the new property.

Where a school place is offered based on an address which is subsequently found to be different from the address where the child ordinarily resides either due to an error, or because of fraudulent or misleading information in the application form, that place may be withdrawn.

Short-term house moves purely to secure a school place may be considered fraudulent or intentionally misleading and, in such circumstances, the place may be withdrawn.

Warwickshire residents applying for a place at schools outside of Warwickshire

Warwickshire residents wishing to apply for a place at a school outside of Warwickshire should contact the relevant admission authority for that school for information on the application process.

Non-Warwickshire residents applying for a place at a Warwickshire school

Non-Warwickshire residents wishing to apply for a place at a Warwickshire school should, in the first instance, contact the local authority in which they live. In some cases, parents and carers may then be directed to apply via the Warwickshire Admissions Service and the above process should be followed.

Overseas residents

There is no legal requirement to process applications from families coming from overseas who are not yet resident within Warwickshire, except as set out above for UK Service Personnel and Crown Servants.

Overseas residents, with a planned relocation to Warwickshire will be asked to provide exchange of contracts, signed tenancy agreement (minimum of 6-month duration) or other evidence by the relevant date set by the Admissions Service. If this cannot be

provided, the applicant's current (overseas) address will be used in the application.

Where parents are resident in the UK but the child is still living abroad, parents must apply using the address where the child is living. The family's UK address must not be used on the application (other than as parents' contact details) until the child is living at the address, or formal evidence of a relocation date is received.

Applications received with a UK address where it is subsequently discovered that the child is still living abroad will be withdrawn, as will any place offered, as this will be deemed a fraudulent or misleading application.

Where an application is withdrawn due to fraudulent or misleading information, parents will need to reapply once the child is resident in the UK

The local authority reserves the right to make home visits to check whether the child is living at the address stated on the application form.

Children educated outside of their chronological year group

Guidance relating to the education of children outside of their chronological year group is available on the Warwickshire School Admissions [webpages](#).

Fair Access Protocol

Some applications may need to be considered under Warwickshire County Council's 'Fair Access Protocol' (FAP). This will apply to some children when it has not been possible to secure a school place for them through the normal in-year admissions process.

If a child's application is being considered under the FAP then the parent or carer will be notified of this as soon as possible after submitting the application.

Further information on the FAP can be found on the Warwickshire School Admissions [Webpages](#).

Glossary of Terms

Criteria	This is used by schools to assess and rank available places in order of their oversubscription criteria .
In year Transfer	This refers to moving from one school to another outside of the Transfer Rounds.
PAN	Published Admissions Number
Priority Area	A priority area gives preference to applicants living within a designated geographic area, sometimes also known as a catchment area, when allocating school places.
Oversubscription	Where a school has more applications than places available, the oversubscription criteria are used to allocate the school places.
Sibling	This is defined as a brother or sister, half brother or sister, a step-brother or step-sister, a child living at the same address who is being Looked after by a local authority, or the child of a parents' partner where the child or whom that school place is being sought is living in the same family unit and at the same address as that sibling.
Transfer Round	This refers to joining Reception, moving from an Infant School (finishing year 2) to a Junior School (starting year 3) and moving from year 6 to year 7.
