

# PUBLIC CONSULTATION INVITATION

## A46 STRATEGIC LINK ROAD

### Introduction

We invite you to take part in our public consultation where we will share our plans for a new transport corridor between the A46 Stoneleigh Junction, University of Warwick and Westwood Heath.

The consultation provides insight into a strategic long-term plan for sustainable growth in this region and outlines the three core options considered for the new transport corridor along with the potential impacts and benefits.

This is an opportunity for residents, businesses and all others who have an interest in the area and the transport network to share their views and discuss how this corridor can benefit the wider community.

Our project team will be on hand throughout the consultation to answer any questions you may have.
