

NOTES:

1. All Traffic Management will be set out in accordance with the relevant Traffic Management Regulations.
2. On carriageways of 60mph and above all red lights and stop signs will be highlighted at all times with Becket sequentially flashing lights. On carriageways below 50mph Becket sequentially flashing lights will be used.
3. Any sign reference numbers used in the drawing refer to either the diagram numbers contained within the Traffic Signs Regulations and General Directions 2016 (TSRGD 2016), or when regulations, a diagram from Schedule 12 of the 2002 Regulations (TSRGD 2002).
4. Temporary signing will be fully installed before any closure is brought into effect.
5. All sign frames will be secured with sand bags.
6. Exact locations of signs are to be determined on site and will be positioned as to not obstruct any other signs, signage or visibility.
7. Sign Diagram 7001-3 Will be installed.
8. The inner boundary of the safety zone is outlined for clarity but is to be marked with barriers in accordance with TSM Chapter 6 at the appropriate distance for the speed of carriageway.
