

## **Service directory of voluntary & community groups & organisations across Warwickshire covered by the Equality Act 2010**

### **Introduction**

As part of engagement or consultation we must aim to seek a range of opinions from a broad cross section of the community. Asking diversity monitoring questions helps us to ensure this is being achieved. This data can then be collated and compared across the county as a whole. The resulting comparison helps us build an accurate picture of those who have responded and allows any gaps in uptake to be identified and explored.

**EQuIP** ([equipequality.org.uk](http://equipequality.org.uk)) currently hold the contract for the Council's Warwickshire Pan Equalities Service (until 31st March 2022). The Service works towards the elimination of unlawful discrimination, to promote equality of opportunity and good relations between people of different groups under each of the protected characteristics as set out in the Equality Act 2010 within and across the Public and Third Sectors. Below are the current outcomes:

Outcome 1: Improved community cohesion and equality within Warwickshire.

Outcome 2: People living or working in Warwickshire feel that their voices are heard, and they have influence in local decision making.

Outcome 3: People living or working in Warwickshire are safe and protected from harm and are able to remain independent for longer.

The following organisations can also support you in ensuring your engagement or consultation is inclusive and reaches as wide an audience as possible.

This directory was created by Courtney Garnett and Warwickshire Fire and Rescue Service.

If anyone knows of any organisations which they would like to add that are not currently included, please contact [equalities@warwickshire.gov.uk](mailto:equalities@warwickshire.gov.uk).
