# Welcome

At Warwickshire Adult Community Learning (ACL),  we provide a friendly and safe learning environment enabling you to focus on your learning goals and personal ambitions.

We prioritise courses that support you to improve your health and wellbeing, support your family or to give you skills for employment or further training.

Following a fantastic response to our blended offer of both online and face to face courses, we plan to continue with this in the next academic year to support as many residents to access our courses as possible.

We were extremely pleased to be recognised as a 'Good' provider once again by Ofsted when they visited us in October 2022.

Our grade reflects the hard work that our dedicated team of tutors puts in every term and we hope that we continue to inspire you to enjoy learning as well as achieving your learning goals.

We look forward to either welcoming you as a new learner, or for you to continue your learning journey with us.   For the latest updates and enrolment dates please view our website: **www.warwickshire.gov.uk/acl**

# Family Learning Courses

**Warwickshire County Council**

## Family Learning

Family Learning is learning that takes place among family members including parents, grandparents, and carers. It's about discovering and exploring things together; learning in a relaxed atmosphere and is an opportunity for parents and carers to discover how their children learn and develop.

Some Family Learning courses are for adults and children together, while others are just for adults. All of our courses are free, with resources provided.

We run courses across Warwickshire, in a variety of settings, including Schools, Nurseries, Children and Family Centres and Community Venues. Some of our courses are 'open to the community' and some are 'invitation only' for parents with children attending specific settings.
