

LET'S
GO
RURAL

WARWICKSHIRE
BRIGHTER
FUTURES

The Let's Go Rural programme offers a unique opportunity for individuals to explore a wide range of career opportunities which sit in all corners of rural Warwickshire.

WHAT ARE RURAL CAREERS?

Quite often, naturally people consider rural careers to be farms and horticulture, when in fact Warwickshire has a variety of businesses which sit in rural settings and have some really amazing career opportunities with good connections to public transport.

MORNING RURAL CAREERS TOUR

Working in partnership with local colleges, participants will be taken on a careers tour of their rural communities and visit a number of different recruiting businesses who will offer a tour of their businesses and introduce the career opportunities they offer.

LUNCH TIME

The careers tours will take a break, where lunch will be provided and whilst enjoying a well-deserved pit stop The Careers Seekers Team will run an "About Me" session where individuals will reflect on their own personal attributes and how they might fit the skills needed for some of the career opportunities explore in the tour.

MEET THE COLLEGES AND TRAINING OPPORTUNITIES

The final stop of the tour will take participants to a Let's Go Rural hosting college, where there will be a campus tour and an opportunity to learn more about the Programmes and training opportunities linking to rural careers and the various pathways available.

We have 3 colleges who will be running rural tours across Warwickshire, if support is needed to identify the most suitable tour, please email skillshub@warwickshire.gov.uk

UK Government

The Warwickshire Brighter Futures project is funded by the UK Government through the UK Community Renewal Fund
