Team:	Reablement		
Service Area:	Adult Social Care and Support		
Primary Location:	To be agreed North or South		
Political Restriction	This position is not politically restricted.		
Responsible to:	Senior Occupational Therapist,		
Responsible for:			

Role Purpose

To work under the guidance of Senior Occupational Therapist to promote people's independence in line with relevant legislation

To provide comprehensive Occupational Therapy assessments to customer's in the Reablement team and provide professional guidance to the team.

Role Responsibilities

To support the provision of a professional, effective and efficient occupational therapy service to residents of Warwickshire.

Through therapeutic use of 'occupation', you will enable people who face changes or challenges to their level of independence (due to aging, disability, reduced memory/cognition and/or social challenges) to live a more fulfilling and meaningful life.

Occupations will include things people need, want and/or are expected to do in areas of their life such as self or personal care, making use of their home, and engaging in leisure, learning or work related activities.

You will use skills in clinical reasoning, critical analysis, and evidence based practice.

You will use a person-centred approach to support and enable people to carry out everyday occupations and routines such as moving around their home, dressing, eating or other activities that are important to them.

Section B: Generic Role Profile

The generic role profile provides a list of the main tasks that cover the broad range of duties and responsibilities performed at this level for the job role. An employee may not be undertaking all of these at any one time, but they could be expected to do so under their contract of employment.
