Delaying or Deferring a child's entry to Reception Year — considerations for Providers

Over the past few years there has been a slight increase in parents who wish to delay or defer their child's entry to school. Early Education Funding can be claimed up until the term following the child's 5th birthday, where the child is not taking up a place in a maintained school or Academy/Free School. Children attending a non-maintained (independent) school remain eligible to claim funding until they are of statutory school age, which is the term after their fifth birthday. Parents **must** follow the delayed/deferred entry process and should be referred to the WCC School Admissions Service at www.warwickshire.gov.uk/admissions for further information and guidance. Providers will need to consider what, if any, additional reporting requirements are needed and should contact the WCC Statutory Assessment Team for more information if they have a child who will be delaying or deferring their entry to Reception Year—edassessmentteam@warwickshire.gov.uk Providers will also need to consider occupancy and place take up for any children who will be deferring / delaying their entry to school as this may affect how you offer places for the new academic year. Terms and conditions / contracts may need to be updated to include how delayed / deferred entry children can be accommodated.

Information is correct as at the time of publishing. All legal requirements are the responsibility of the business to maintain, ensuring that they reflect the correct current business information and relevant legislation.
