To report concerns about a provider please complete: Education Setting Concern Form – Fill in form

To notify us of any information that is different to the information you have been given by a provider (e.g. Fees etc) please complete this form: Report Info Discrepancy (Schools use ONLY)

Introduction

Overview

This Directory details Alternative Provision (AP) settings in and around Warwickshire for Primary and Secondary education and does not include information for post-16 education.
All settings are either registered as schools or College or have been assessed as appropriate non-school AP through our Quality Assurance programme.
AP is temporary education for pupils requiring additional support away from their school.

Schools should operate a graduated approach to meet pupils' needs, and wherever possible provide support at school rather than off-site. However, in some circumstances AP can help pupils re-engage with education, rebuild confidence, and develop academic, social or vocational skills.

AP placements should have a planned end date and a clear focus on progress and reintegration. Occasionally AP may be used to support transition into a new setting or pathway.

Settings are grouped by District Area.

The programmes available at each setting are categorised as:

Part-Time (Whole Year)	An 'alternative curriculum' - usually no more than one day a week, typically a course across the full academic year and working towards a qualification.
Part-Time (Short Stay)	A programme delivered for up to two days per week, usually up to 12 weeks, designed to assess & address specific identified needs.
Full-Time (Short Stay)	A full-time programme delivered up to 12 weeks, provided away from the pupil's school and with a focus on planned reintegration.

When making placements, schools should be aware of Regulations Regarding Out-of-School Settings, to ensure settings are not inappropriately providing full-time education.

Quality Assurance

Non-school AP settings are assessed regularly through WCC's Quality Assurance (QA) Programme. This ensures settings are compliant with the **National Minimum Standards for Non-school Alternative Provision**.

The QA Programme includes annual assurance visits, follow-up improvement activity, and visits in response to concerns raised by families, schools or other professionals.
Where appropriate, WCC may undertake QA activity jointly with schools.
The date of each setting's latest QA report is shown at the end of their Directory entry.

While WCC does not 'grade' providers, there are four possible assessment outcomes as shown in the table below:

Assessment Outcome	Action	Setting included in AP Directory
Setting meets all the National Standards	-	Yes
Areas for improvement are identified	WCC monitors required improvements	Yes
Serious concerns relating to health, safety or safeguarding	Setting advised to pause activity WCC notifies schools & advises withdrawal of placements	No
Setting fails to implement required improvement activity within agreed timescales		

Providers should share with schools their latest QA report (and any improvement plan) on request and following QA activity.
Where serious concerns are identified and/or where a setting is removed from the Directory, WCC will alert schools directly.

Schools should be mindful of the DfE guidance Arranging Alternative Provision – A Guide for Local Authorities and Schools

While the Directory provides a list of Quality Assured settings, the commissioning school is ultimately responsible for the provision they put in place. As such they should always, prior to placement, conduct their own due diligence to assess whether the provision is safe, offers high-quality education and is suitable for meeting the child's individual needs.

New Settings

Some settings have approached the Local Authority for inclusion in the Directory, but we have not yet been able to do a full Quality Assurance assessment.

In the meantime, we have included brief information and contact details for these settings and schools are advised to undertake their own checks before using these provisions (Pages 42 & 43).

In-School, Outreach & On-line Alternative Provision

Occasionally schools may need to commission Alternative Provision that doesn't have its own venue. For instance, this might include AP at the pupil's school, at their home, or at a community setting.

WCC does not provide quality assurance of peripatetic AP services on behalf of schools.
Schools should therefore undertake their own due diligence prior to using these services.

In-school, Outreach & On-line Alternative Provision includes all providers who have provided information for Warwickshire County Council to share with schools.

Type of provision is shown using these symbols:

- 💻 **Online**
- 🏠 **Learners Home**
- 🎓 **Learners School**
- 📍 **In the Community**

Arranging AP and Oversight of Placements

Schools should approach providers directly to arrange placements and are responsible for:

1. The safeguarding, wellbeing, attendance and progress of their pupils, even when education is delivered off-site
2. Ensuring the placement is appropriate for the specific needs of each pupil
3. Monitoring & oversight of the placement
4. Ensuring a risk assessment is undertaken for each placement

Warwickshire AP providers are required to use the Council's CLM database to record attendance. Schools should use this to monitor and track attendance at AP.

Fees

Fees should be clearly agreed with the provider prior to each placement.

In some circumstances, Warwickshire County Council may agree to contribute towards the fees being paid by schools. Please discuss this with the EHC Plan Co-ordinator or EET Learning Mentor.

AP Settings by Area

This Index lists providers by area and functions as a quick reference guide. It is enabled to take you directly to provider entries by holding control and selecting the provider name.

AP Settings

Settings are grouped by location (District area).
Nearby settings in Coventry and surrounding Local Authority areas have also been included

Information has collated through collaboration with providers and all providers have been sent a copy of the directory.

Specific details may be subject to change, including fees. Schools should make sure that all elements of provision, including fees, are clearly agreed prior to placement.

Information will be checked at two-month intervals and where relevant, amended and republished.

Part-Time (Whole Year) ✔ **Part-Time (Short Stay)** ✔

Set on a working farm, our programme uses outdoor learning as a therapeutic and engagement tool. Activities may include animal care, practical farm tasks, nature-based learning and opportunities to develop independence, confidence and emotional regulation. The farm environment provides natural structure, routine and opportunities for responsibility, while also allowing space for reflection and calm.

Curriculum Options: Animal care (sheep, ponies, goats, small animals) to support responsibility, empathy and routine, Practical outdoor activities such as fire lighting, tool use, den building and land-based skills, Potential AQA unit scheme awards (Need/s dependant).
**Further curriculum information coming soon.*

Learning Groups: Small groups (3-15)
Staff/Learner Ratio: *1:5*
Lunch and/or Refreshments Provided: *No, CYP to bring packed lunch, we provide drinks and snacks*
Transport Provided: No

More Information:

- A structured, therapeutic outdoor learning programme based on a low demand, low pressure approach, supporting children and young people with SEMH needs.
- Opportunities for regulated risk-taking in a safe, supervised environment
- Social development through small group work (maximum ratio 1:5)
- Emotional regulation support embedded throughout the day

Our approach is holistic as we integrate conscious living, general life skills and mindful movements into our curriculum
We have adopted the Finnish approach where we prioritise learning over testing to ensure students receive a meaningful learning experience that fosters critical thinking and problem-solving skills.
We put our focus as much on the progress the individual child makes as the results the child walks away with at the end of their learning journey with us
The skills of students are further enhanced through real world learning experiences beyond the classroom in the form of optional school trips

Curriculum Options: English Language, AQA, English Literature AQA, Mathematics, Edexcel, Science (Double Award iGCSE Edexcel), History (Edexcel), Life Skills (non- examinable), Mindful Movements & Conscious Living (non- examinable), Personal coaching. We have also opened our curriculum to broader skills like public speaking, writing a CV and making a podcast
Learning Groups: Small groups (8-10 learners)
Staff/Learner Ratio: *Not specified*
Lunch and/or Refreshments Provided: *Not specified*

We provide personalised, tailored packages for learners unable to access mainstream education, offering targeted Maths and English support whilst building strong foundations and positive relationships. Our flexible delivery supports re-engagement and confidence, with short-term intervention and clear progression pathways aimed at transitioning learners into mainstream or specialist provision. A key focus is successful transition, and we work closely with schools and stakeholders to prepare learners for reintegration into mainstream or specialist provision, using structured support, strong relationships and a consistent approach to achieve positive outcomes

Curriculum Options: Functional Skills Maths and English (Entry Level-Level 2), Sports Leadership Qualification (Level 1-2), PSHE and Employability Skills, Personal Development and Wellbeing Sessions, SEND support and 1:1 mentoring
Learning Groups: 1:1 & small groups (10 Learners max)
Staff/Learner Ratio: 1:3
Lunch and/or Refreshments Provided: Breakfast, lunch & refreshments provided daily
Transport Provided: No

More Information:

- Access to additional specialist support ensuring appropriate strategies and guidance can be put in place to meet learners' needs
- Initial meetings and home visits
- Weekly progress reports to schools and stakeholders
- Transition programme for reintegration into school outcomes
- Individualised Key worker support
- Mentoring and emotional wellbeing sessions
- Behaviour and resilience building interventions
- Life skills and personal development workshops
- Partnership with SENDSAM for specialist SEND guidance, advocacy and trauma-informed strategies
- Access to gym-based activities to support physical wellbeing and engagement

Based in Rugby, GGR is an alternative provision for learners aged 11–16, utilising sport as a vehicle for personal development. We cultivate essential life skills and wellbeing strategies, empowering students to improve their life outcomes and build the skills and strategies needed to succeed both in school and beyond

Curriculum Options: Organic Learning: Functional Literacy and Numeracy, Integrated Functional Skills, FA Refereeing Qualification: Professional pathway into officiating, Football Coaching: Developing leadership, communication and technical mentorship skills, Swimming Certification: Practical badges for non-swimmers to build water confidence, AQA Unit Awards & NCFE Functional Skills: Soon to offer structured accreditation in core subjects, Post-16 Transition: Working towards apprenticeships to ensure long-term life outcomes
Learning Groups: 1:1 & small groups (Maximum of 6-8 Learners per group)
Staff/Learner Ratio: Ranging from 1:0.5 for a single learner, up to a maximum of 1:2 for eight learners
Lunch and/or Refreshments Provided: Provide food and snacks and work with nutrition
Transport Provided: No
More Information:

- Organic Learning: Functional Literacy and Numeracy are integrated naturally through activities like drafting session plans and calculating drill timings
- Data-Driven Evidence of Growth
- Physiological Support: We provide daily "check-ins" and access to snacks, cooking and meals to ensure physical readiness.
- Therapeutic Environment
- Student Agency: Learners are given ownership to create and lead their own coaching sessions to build intrinsic motivation
- Outreach Services: We engage with families and referring schools to support re-integration and transition
- Strategy Transfer: We help learners develop the internal skills to recognize and meet their own needs as they arise in real-time

Offer for Schools

Part-Time Whole Year)✓ Part-Time (Short Stay)✓

Liberty in the Wild provides a trauma-informed/responsive, relational alternative provision for children and young people with SEMH, SEND or barriers to mainstream education. Through small, personalised arts & nature-based sessions, we support re-engagement, emotional regulation, and positive pathways, working closely with local authorities, schools, and families. Our model is best described as a hybrid, personalised provision that prioritises engagement, regulation, and long-term readiness for learning

Curriculum Options: Flexible Experiential Learning including Arts Award, LAMDA, RSPB, Crest Awards, Blue Peter, Green Tree. A therapeutic, experience-led curriculum combining arts, outdoor learning, and functional skills.
Learning Groups: Small groups (6-8 learners max), 1:1 & 2:1 (if required)
Staff/Learner Ratio: 1:1. 2:1, 2:6
Lunch and/or Refreshments Provided: *Not specified*
Transport Provided: No

More Information:

- Bespoke, part-time placements (typically up to 6 sessions per week across 2–3 days)
- Alternative Curriculum through our structured learning experiences
- Ongoing placements that are not limited to 12-week cycles, but adapt based on the young person's progress and needs
- Creative & Therapeutic Environment
- Young people are required to bring in a packed lunch, or they can access food from the café with parental permission
- If a pupil is entitled to free school meals, arrangements would be made
