

Warwickshire's five key oral health messages

1.

Reduce the amount and frequency of sugary foods and drinks - only give at mealtimes.

2.

Choose milk and water to drink - they're kinder to teeth.

3.

Visit the dentist when the first tooth appears and then as often as your dentist recommends.

4.

Brush teeth twice a day with fluoride toothpaste - last thing at night and on one other occasion.

5.

Spit out, don't rinse the fluoride toothpaste away!
