

RESTRICTED (When complete)
WARWICKSHIRE POLICE

Information Report

Please send completed form to cse.east@warwickshire.pnn.police.uk

Please provide as much detail as possible. If you are not able to answer any of the questions please state 'not known' rather than guessing. The answers will help us determine how reliable, how accurate, and how old the information is.

1. Date/time of report

2. Details of Professional submitting

Name			
Post/Job Title			
Agency			
Contact Details - Telephone: Email			
Witnessed Incident?		Professional?	Member of the public?

3. Information

*Please provide clear and accurate information. Include as much detail as possible such as names, dates of birth, descriptions, nicknames, vehicle details and registration numbers, phone numbers, addresses etc.
If providing details of specific incidents please include dates, times, and locations.*

3. Date/time information received by

4. If the information was supplied by someone other than yourself, on a scale of 1-3 how reliable do you think they are?

1= Reliable 2= Unknown 3= Not reliable **(If unsure score unknown)*

5. How accurate do you think the information is on a scale of 1-5?

1= Known directly 2= Known indirectly but corroborated 3= Known indirectly
4= Not known 5= Suspected to be false **(If unsure score not known)*

6. If the information is from a 3rd party source, would they be willing to engage with the police?

☐ Yes ☐ No

If Yes, please provide preferred contact details for the individual providing the information:

RESTRICTED (When complete)
WARWICKSHIRE POLICE
Information Report

Dear Partners,

Gathering Intelligence about Child Sexual Exploitation

Warwickshire Police have devised a process by which professionals, parents, carers and young people can provide information about perpetrators and concerns of Child Sexual Exploitation occurring **THAT IS NOT AN EMERGENCY AND DOES NOT REQUIRE IMMEDIATE ACTION** (in these cases ring 999 or 101).

This information is gathered and used to enable police and partners to build a picture of such exploitation taking place and take action to address it. It is particularly useful in situations where there may be no evidence available, the information is unknown or the victim is either unwilling or unable to provide a police statement. This occurs in the vast majority of cases of sexual exploitation. Therefore, the opportunity to provide intelligence could potentially intercept and disrupt criminal activity where young people are being exploited.

What to collect?

Information on child sexual exploitation includes details on;

- Suspects – names, nicknames, addresses, dates of birth and descriptions of suspects of CSE
- Vehicles – registration numbers, partial registration numbers, make and model, colour and distinguishing features or marks of vehicles used by suspects
- Telephones – details of phone numbers and mobile phones used by suspects and details of any text messages of phone calls made by them or to them
- Locations – details of locations where offences have taken place or suspects/victims frequent
- Offences – details of criminal offences that have not been recorded by the police either because the victim has not been identified or the victim denies them or refuses to cooperate with the police
- Date and times – that incidents occurred or suspects or vehicles seen
- Links – between suspects, vehicles, locations and young people identified at risk of CSE

The more detailed and precise the information is the better the quality of intelligence.

Please Note: The intelligence forms are **NOT** to be used for the following:

- To report a crime
- To pass information to the police about a crime that is already being investigated
- To raise a child protection concern. **This form is NOT to be used as another pathway for referral. Agencies should refer to the WSCB CSE Procedures and follow the process outlined.**

Intelligence can be reported from 3 perspectives:

1. Disclosure by a Young Person at Risk
2. Incident Witnessed by a Professional
3. Information from another Person

Once completed submit the completed intelligence forms onto the Child Sexual Exploitation Team at cse.east@warwickshire.pnn.police.uk.

You could be the one who has the final piece of the jigsaw to safeguarding children and young people and disrupt and convict offenders. Tell us what you know.
