

Proposed length of new hedgerow north and east of solar farm

Proposed length of new hedgerow adjacent to PRoW Footpath WK|200|T55/4

Wildlife / wetland area, facilitated in part by improved drainage of waterlogged area of site at higher ground to the south

Wildlife / habitat enhancement area and landscape buffer

Proposed length of new hedgerow between diverted PRoW and solar farm to further mitigate visual impact

Proposed diversion of the PRoW Footpath WK|200|T56/1, which currently traverses the site, around the solar farm to minimise visibility of the solar farm to PRoW users

LEGEND:

- Solar panel
- Fence
- Gate
- Indicatively proposed new hedgerow
- Approach road (type 3 aggregate)
- Perimeter road (compressed earth)
- Medium Voltage Station (MVS)
- Battery Energy Storage System (BESS)
- Control building, substation and storage
- Current wet area for potential improved drainage
- Trees on or adjacent to site
- Existing hedge
- Proposed ecology areas
- Proposed diversion of PRoW Footpath WK|200|T56/1
- Cable route to Grid
- Footpath
- Local Wildlife Site
- Public open space
- Broad-leaved Woodland And Shrub
- Building Polygon
- Inland Water Polygon
- Scheduled Monument
- Historic landfill site
