

## Hate Crime

Nearly 9 out of 10 people with a learning disability have been victims of hate incidents or hate crime. *(Taken from helping victims of hate crime booklet – Mencap living with fear).*

Hate Crimes are when someone treats a person badly because they don't like something about them; these are targeted towards an individual or a group of individuals, examples of people targeted can include:

- disability
- race or ethnicity
- religion or belief
- sexual orientation
- transgender identity

At the Safe Place you can support someone who is reporting a hate crime or incident by calling 101 in a non-emergency and 999 in an emergency:

- You will then will pass the phone to them so they can report what has happened.
- Ask the individual if they would like you to contact anyone else.

**People feel safer going out into the community when they know there are Safe Places nearby.**
