Company Details	
General Details	
Site name	
Address	
Grid reference	
Parish	
Area (hectares)	
Developer	
Landowner	
Mode of transport for mineral	
Extension to existing works?*1	
Site Plan Included	
Location of site access indicated	
Route to Preferred Lorry Network*2	
Settlements and constraints*3	
Flood map (fluvial, surface water etc.)	
Location of processing plant	
Ancillary developments required?	
International, National, Regional and	
Local designations*4 including the	
following sites, assets or features:	
Ecological (SAC, SSSI etc.)	
- Archaeological	
- Historic/cultural assets	
Landscape (AONB etc.)	
Geological (SSSI, LGS etc)	
Operational Details

Restoration Options	
Please provide outline details of the	
restoration scheme including:	
What are the proposed site after-uses?	
If agricultural land (grade 1, 2, 3a and 3b)	
is affected, can it be restored to its	
original or enhanced state?	
Will the site require the importation of	
inert and other waste steams? If yes how	
much approximately (tonnes)?	
Will the site offer opportunities for	
biodiversity and habitat enhancement?	
Can it make a contribution to the	
Warwickshire Local Biodiversity Action	
Plan (LBAPs)?	
Can the site offer opportunities for	
schemes for flood risk management?	

^{*1} Extension refers to development which would be contiguous with an existing, dormant or unrestored site

*4 Sites designated International, National, Regional, and Local Importance -

European designated sites that form part of the Natura 2000 network

(e.g.Special Areas of Conservation (SAC))

Areas of Outstanding Natural Beauty (AONB)

Sites of Special Scientific Interests (SSSI)

Ancient semi-natural woodland

Scheduled Monuments

Registered Historic Battlefields

Registered Parks and Gardens

Listed Buildings

Conservation Areas

Local Geological Sites (LGS)

Local Wildlife Sites (LWS)

Local Nature Reserves

Features of local archaeological importance identified on the Warwickshire Historic Environment Record

^{*2} Warwickshire Advisory Lorry Route Map (2005), available at www.warwickshire.gov.uk/hgv.

^{*3} The location of urban areas, settlements and residential and other land uses.

^{*5} i.e. within 13km of official safeguarded civil aerodromes or 8 miles of military aerodromes
