## Observation Skills

When you're out on your next walk can you spot these objects, you'll have to have an eagle eye

Tick off when you've found then

Feather

TV Aerial

Drain Cover

Dandelion

Block Paved  
driveway

Sparrow

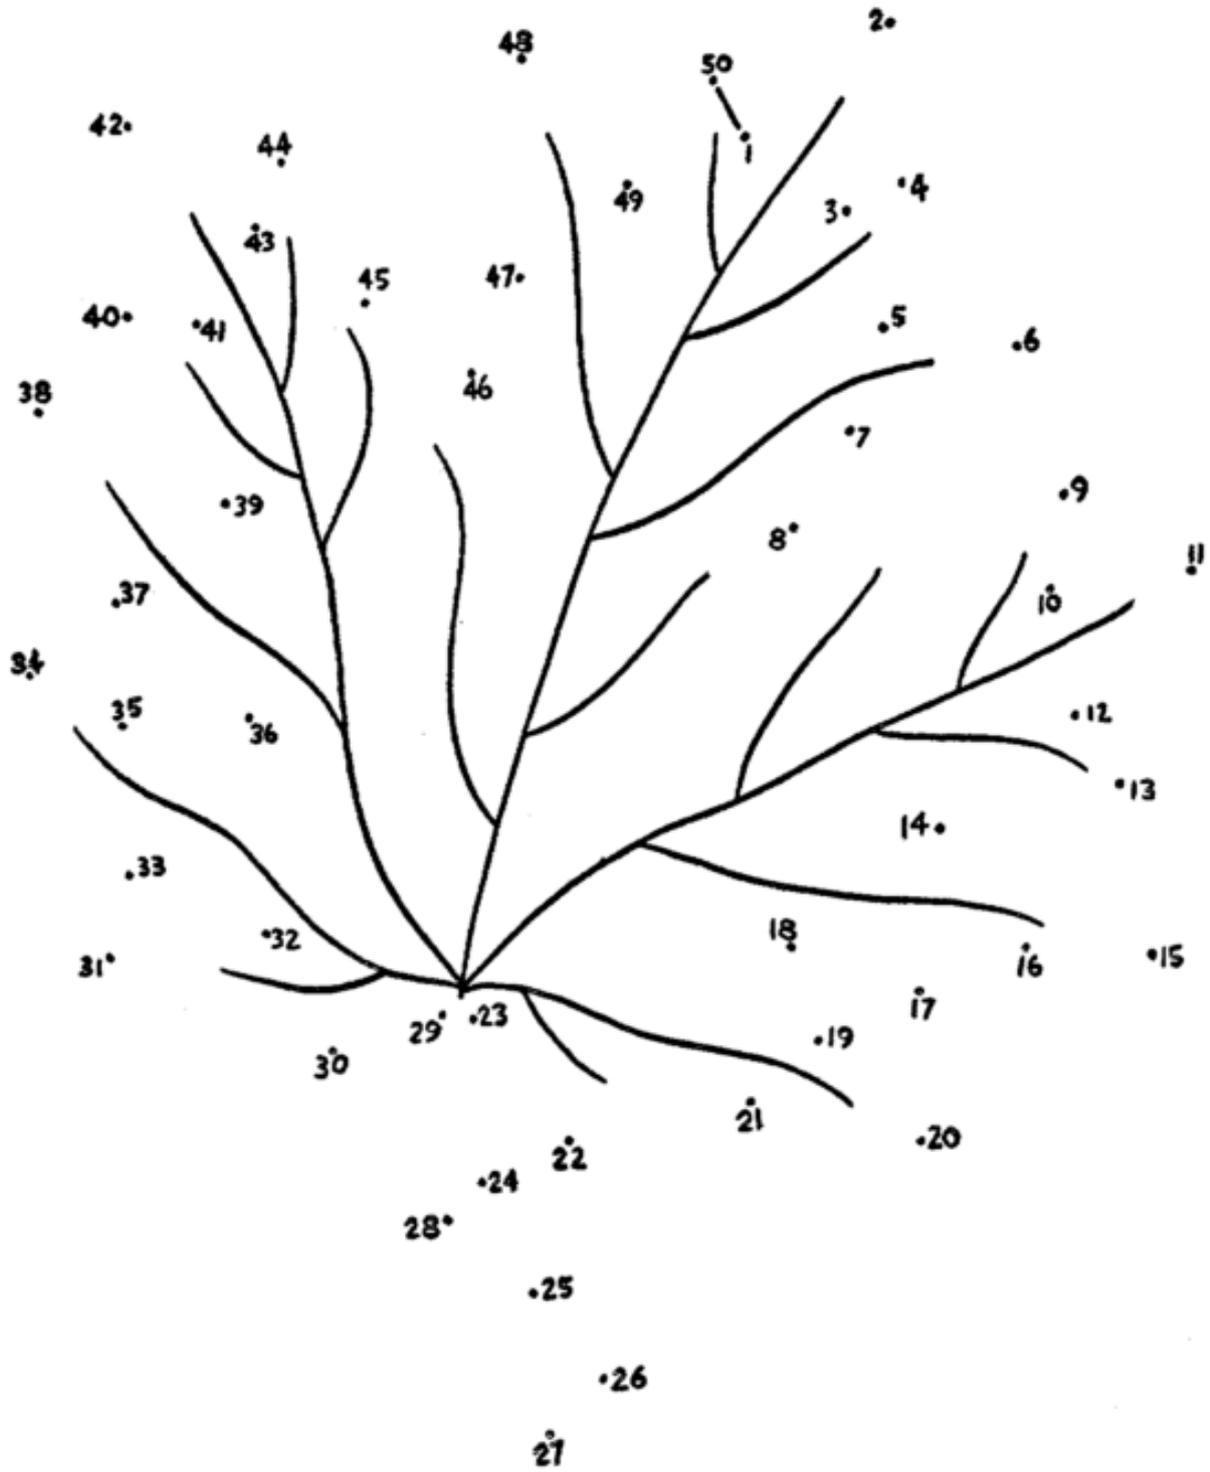

Postbox

Manhole  
Cover

How many did you find?

# FOLLOW THE DOTS

## FAMOUS PEOPLE

Can you name the famous people from their pictures and clues?

\_\_\_\_\_

She once sang Happy Birthday to the US President

\_\_\_\_\_

She starred in the film, Calamity Jane

\_\_\_\_\_

This actor liked the Wild West

\_\_\_\_\_

He starred in the film, The Italian Job and had a famous saying

---

He was better known as the Fonz in Happy Days

---

A Swedish Actress who starred in Casablanca

---

She had breakfast at Tiffany's

---

She played a Egyptian Queen

## History – Reading

This year people across Britain will be commemorating the 75<sup>th</sup> Anniversary of VE DAY and the ending of World War 2.

On the 8<sup>th</sup> May n May 8, 1945, fighting in Europe came to a halt as the allied forces finally saw Germany forces surrender and marked the end of Adolf Hitlers reign on war.

The Second World began in 1939 and lasted 6 years troubled years. A state of total war emerged, directly involving more than 100 million people from more than 30 countries.

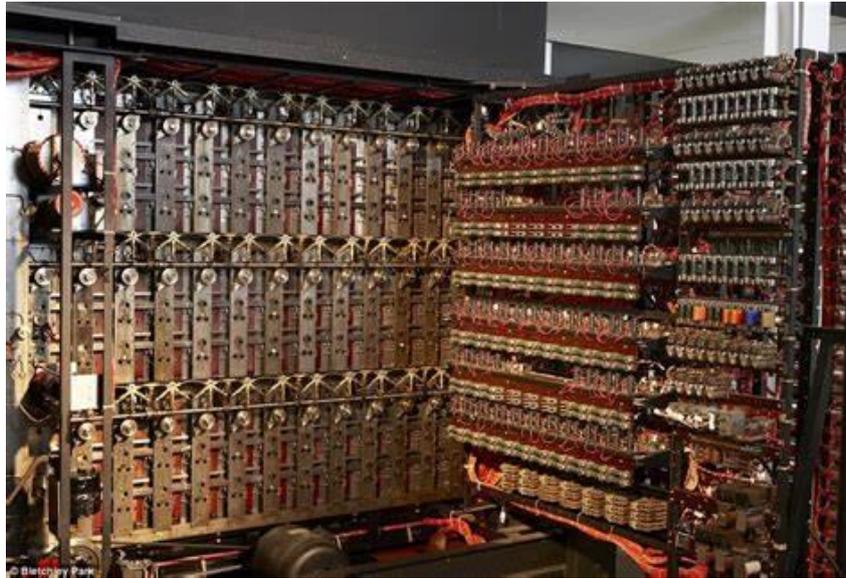

Alan Turing was an English Mathematician and computer scientist and was highly influential in his field.

During the Second World War, Turing worked for the Government Code and Cypher School at Bletchley Park, just outside Milton Keynes, Britain's codebreaking centre that produced Ultra intelligence.

Here he devised a number of techniques for speeding the breaking of German complex code messaging called Enigma on a machine he developed and built called “The Turing Machine”

Alan Turing played a crucial role in cracking intercepted coded messages with this machine that enabled the Allies to defeat the Nazis in many crucial engagements, including the Battle of the Atlantic, and in so doing helped win the war.

Possibly England’s greatest tool in ending the War against the Germans as well as introducing the world to Computers.

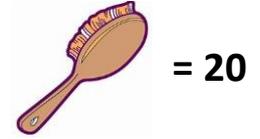

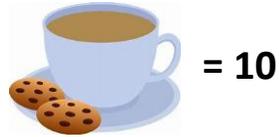

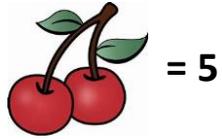

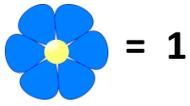

The complex code breaking machine "The Turing Machine"
