

Dementia Connect in Warwickshire

Dementia Connect is a dedicated service to support anyone living with dementia or caring for someone with dementia, providing personalised advice and practical and emotional support, helping you and your loved ones at all stages of dementia.

Dementia Connect is available online and advisors are available over the phone for a chat and to answer any questions or talk through any difficulties you may have regarding dementia. Examples of how the service can help include:

- Explaining more about how dementia affects you or your loved ones
- Suggesting small changes to make at home to help a person with dementia
- Advising on equipment that can help with daily tasks and maintaining independence
- Supporting you and your loved one to improve your physical and mental health
- Advising on other services and support available locally
- Planning for the future including guidance on any financial support that may be available

Dementia Connect local dementia advisers can also meet you to offer further support, practical advice and information. They can also connect you with other face-to-face services in your area.
