

Warwickshire County Council

Targeted Youth Support

Youth workers support young people in Warwickshire aged 12 - 18 years who need some extra help with what is going on in their life

This leaflet is for young people whose Family Support Worker or Social Worker have discussed with them the support youth workers can offer

www.warwickshire.gov.uk/youthservice

What is a youth worker?

A youth worker is a qualified professional whose only purpose is to support young people

Why might I need a youth worker?

There might be things going on in your life that are making you unhappy. There might be things that you want to change. A youth worker will work with you to try and find solutions

What happens to the stuff I say?

All meetings with a youth worker are confidential. A youth worker will only pass on information with your permission or if they are concerned about yours or others safety. They will always tell you if they are going to do this

What can I expect?

Honesty!
Someone who won't let you down

What if I'm not sure?

Working with a youth worker is your choice. Only you will know if it is something that might help you. If you are not sure we suggest you try us first before making a decision

You might have other questions that you would like to ask, so if you decide to meet with a youth worker then they can answer anything you would like to know
