

Warwickshire County Council

Road Traffic Regulation Act 1984

The Warwickshire County Council (Borough of North Warwickshire) (Waiting Restrictions and On-Street Parking Places) (Consolidation) (Variation EV1) Order 2020

1. Background

Warwickshire County Council declared a climate emergency in July 2019. As part of its commitment to put environmental issues at the heart of its decision making, a number of electric vehicle charging points have been installed in district and borough car parks and on-street in Warwickshire.

2. Statement of Reasons

It is proposed to provide parking spaces for electric vehicle charging on High Street, Coleshill, within the existing parking bay fronting 94-104 High Street. This will improve the amenities in the area through which the road runs and have a beneficial impact on air quality.

3. Schedule

Consultation Drawing	Street	Town	ParkMap Tile	Revision No.
TR/11235-01	High Street	Coleshill	C137 CJ37	2 2

1. High Street, Coleshill – provision of parking for electric vehicles

It is proposed that two parking spaces at the northern end of the parking bays are to be made available for electric vehicle charging only. Hybrid vehicles will be permitted to use the spaces provided they are being charged. This will remove eligibility for parking for non-electric vehicles in these parking spaces.

The remainder of the parking bay will have electric vehicle charging points available, but will also remain available for use by non-electric vehicles.

To allow sufficient time for electric vehicles to be charged, the waiting restrictions have been increased to a maximum stay of two hours, with no return in four hours.

4. Existing orders to be varied

The Warwickshire County Council (Borough of North Warwickshire) (Waiting Restrictions and On-Street Parking Places) (Consolidation) Order 2017
