2. STATEMENT OF REASONS

Warwickshire County Council proposes to prohibit left and right turns from all of the four arms of this junction. The proposals are to improve safety by reducing the number of turning movements through the junction. This is to be achieved by banning turns by all vehicles which enables the layout to be improved for pedestrians and cyclists. To improve traffic flow when right turns are banned at the junction between High Street, Birmingham Road and Blythe Road in Coleshill, the banned right turn at the junction between High Street and Church Hill in Coleshill will be revoked.
