

PRIVATE ACCESS PROTECTION MARKING APPLICATION

If the work is agreed a charge of £175 per 5 metre line will apply. Once your application is assessed you will be contacted with details of the charge and how to pay, please do not send payment with your application. The application will not be processed without the payment.

Applicant:	
Title (Mr, Mrs, Miss, Ms)	
Applicant Name	
Applicant Address	
Address of 'H' marking (if different from above)	
Contact Telephone No.	
Contact Email	

Please note the following criteria for the provision of a private access protection marking applies:

- The white bar marking is reserved for those sites where there is a persistent problem, with frequent obstruction of an access.
- The lines are intended to deter drivers who would otherwise park across an access. Therefore, they can be placed in residential streets with a high parking demand by non-residents e.g. near shopping or commercial areas. They will not be used where parking obstruction is by neighbours.
- They shall be laid in accordance with the Road Marking Regulations and in white non-reflective material
- Anyone who applies for this facility is required to provide a detailed reason for the application.

Please explain in detail the reasons for your application:

Declaration:

I apply for a private access protection marking and declare that the above information is correct.

I understand that a private access protection marking has no legal standing and as such cannot be enforced, though the presence of the line would tend to support the offence of obstruction.

Name	Signed	Date
