**ROAD TRAFFIC REGULATION ACT 1984**

**The Warwickshire County Council (Borough of Rugby) (Civil Enforcement Area) (Waiting Restrictions, On Street Parking Places and Residents Parking) (Consolidation) (Variation K) Order 2023**

**1. BACKGROUND**

- 1.1 A request has been received from Warwickshire County Council's Design Engineering section to apply a No Stopping restriction and Double Yellow Lines (DYL) to the B4065 Main Road and B4029 junction at the new Ansty Hall traffic signal junction, Ansty. This request has been considered and this has resulted in the proposals below.

PTRO23 001 01	B4065 Main Road, at its junction with the B4029, Ansty	DE77	1

**2. STATEMENT OF REASONS**

The B4065/B4029 Ansty Hall is an existing junction which is being improved, by way of introducing a new traffic light system, realigning the lanes to improve traffic flows. As part of those improvements, it is proposed to introduce lengths of DYL on all approaches to the traffic signals which will keep the junction clear of parked vehicles and allow the traffic lights to function efficiently.

Maintenance vehicles attend this junction to service the signal heads and control unit. To that end a layby has been installed to allow such vehicles to safely park off the main running carriageway. However, to prevent general parking or waiting, within the layby, a No Stopping restriction is to be applied to this area only.

The combination of the elements within the improvement should have the effect of allowing uninterrupted traffic flow through the junction, assist vehicles turning in/out of the new junction. This is further enhanced by creating a layby to allow maintenance vehicles to park off the running lanes.

This improvement is intended to preserve junction visibility and reduce the number of vehicle conflicts thereby bringing a major road safety improvement to the junction.
