

**ROAD
AHEAD
CLOSED**

Chicanes marking the start of the closure. For a length of 82m from the chicanes, it is a partial road closure, only allowing access for car parks and deliveries. No other traffic is permitted in this section.

Location of sign notifying motorists of closure ahead.

The hatched area, (16m in length) marks a full road closure, with absolutely no traffic permitted, as it will be used for a pedestrian area.

Location of the full Road Closure.

**ROAD
CLOSED**

KEY

-  Location of planters. (These will form part of the Station Road Closure as a natural barrier at the end of Station Road behind the full closure.
-  Location of signs that will need to be covered due to the closure of Station Road.
-  Location of Barriers/Cones for the start of the road closure on Station Road, for 82m in length.
-  Location of the road full 16m closure on Station Road with no vehicular access at all.

- The closure of Station Road is a total length of 98m from Warwick Road, for a length of 98m until the next junction (outside of the vets). The start of the closure is marked via chicanes.
- For a length of 82m from the chicanes, of this total 98m closure, access for deliveries and access to private car park is permitted.
- For the final 16m, there is a full road closure, which allows for absolutely no vehicular access.
- Signs and suitable traffic management measures will be in place for the duration of the closure.
