Dear Sir/Madam

Footway Resurfacing – D2096 Heather Road – Binley Woods.

Footway resurfacing works on Heather Road Binley Woods between Oakdale Road and Birchwood Road, are due to commence Monday 20th October 2025 for approx. 5 weeks. (please see the drawing on reverse for clarification of site extents).

Warwickshire County Council's contractor Balfour Beatty will be undertaking these works. To help facilitate them; at affected locations if you are a vehicle owner could you ensure that your vehicle is parked elsewhere away from the footway and carriageway to allow the contractor access to the site. (During the working hours 08:00-17:00 Mon - Fri only). **On street parking will be severely restricted.**

To facilitate our works, we would be grateful if you could ensure that, in advance of 17th October, any of your garden hedges, bushes, shrubs, plants or trees which overhang the footway are cut back to the footway/property boundary. This is necessary to allow our contractor to access and repair the entire width of the public footway and prevent sections being excluded from being completed.

During the works, **and only whilst the Contractor is working**, pedestrian barriers will be erected at gateways/driveways to properties where necessary. This is to protect you from our works. **Please do not remove these**. If you need access/egress, please ask one of our workforce and the barriers will be removed at a safe time.

For safety reasons, during working hours **ONLY**, there will be a Road Closure in place, access to residents and businesses will be maintained where safe to do so – however, please liaise with the operatives on site who will be able to assist. There will inevitably be some disruption to properties and businesses, but every effort will be made to keep this to a minimum.

I wish to thank you in anticipation of your co-operation which will help to ensure the works are carried out as quickly and safely as possible, if you require any further information or wish to discuss the works, please do not hesitate to contact me. (For onsite issues, contact Paul Kelly 07837 319 323)

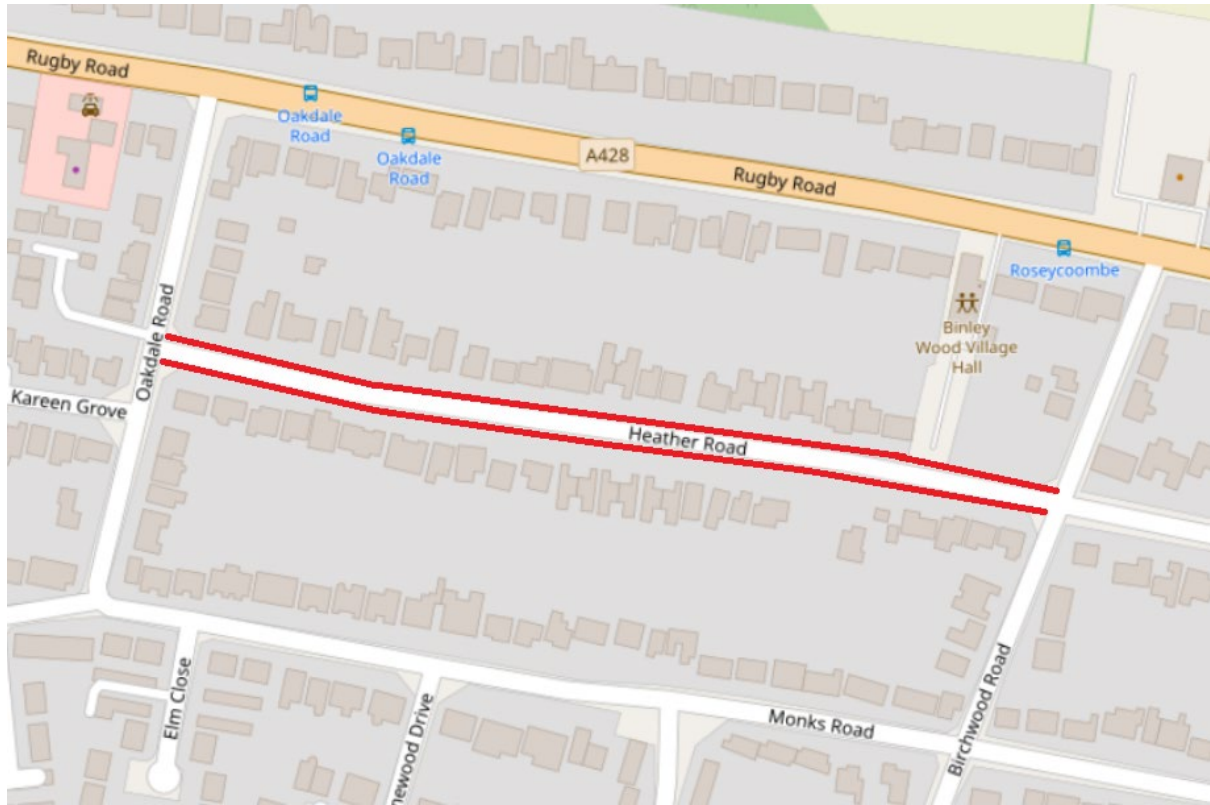

Yours faithfully
Ian Nicholls
