19<sup>th</sup> December 2025.

Dear Resident,

**D4440 Buckley Road, Lillington - Carriageway Reconstruction**

Carriageway reconstruction work is due to commence on Monday 19/01/2026, for approx. 6 weeks. The site runs from O/S No. 68 to O/S No. 90 Buckley Road.

These works will be carried out under a **Full 24/7 Road Closure**, which will commence at 09:30 on the first day, remaining in place until the works are fully complete. This is due to the extensive depth of road that needs to be fully excavated and completely re-built. Therefore, the road cannot be re-opened to traffic until the final surface has been applied.

Access to properties and businesses either side of the works will be maintained but only as far as the works closure points where no vehicle access will be allowed for safety reasons.

Pedestrian access will be maintained at all times during the works.

A diversion route for through traffic will be signed, via Mason Avenue, Valley Road and Gresham Avenue.

When approaching the works site, please drive slowly and be aware of vehicles turning.

There will inevitably be some disruption to households/businesses, but every effort will be made to keep this to a minimum.

Local bus companies have been notified of the closure – please check their Web site for more information – Warwick District Council have also been notified, and refuse collections will also continue as normal.

If during the works you have any concerns, please do not hesitate to contact the contractor's Surfacing Manager (Paul Kelly) who will be in a position to deal with your concerns directly. He can be contacted on this telephone number 07837 319 323 between 8am – 4pm only.

If you require any further information or wish to discuss the works, please contact me.

Yours sincerely

Rob Butterill,  
Senior Highway Engineer  
01926 412515
