Dear Sir/Madam

Footway Reconstruction – C57 Station Road, Nether Whitacre

Works to repair and resurface the footway at **C57 Station Road, Nether Whitacre** is due to start on 02/02/2026 and will take approx. 2 weeks to complete. (Please see the drawing on reverse for clarification of site extents).

If you have a hedge that is growing over the footway, we ask that it is cut back to the back of the footway. This will allow us to undertake the work unhindered. Please note that if hedges/conifers are not cut back before work starts, we will consider excluding these areas from the footway works.

Warwickshire County Council's contractor Balfour Beatty will be undertaking these works. To help facilitate them; at affected locations if you are a vehicle owner could you ensure that your vehicle is parked elsewhere away from the footway and carriageway to allow the contractor access to the site. (During the working hours 09:30-15:30 Mon - Fri only). **On street parking will be severely restricted.**

During the works, **and only whilst the Contractor is working**, pedestrian barriers will be erected at gateways/driveways to properties where necessary. This is to protect you from our works. **Please do not remove these**. If you need access/egress, please ask one of our work force and the barriers will be removed at a safe time.

The works will be carried out under a full road closure. There will inevitably be some disruption to properties and businesses, but every effort will be made to keep this to a minimum. A signed diversion route will be in place during the works.

If in any doubt, please ask any member of the workforce who will be more than happy to help.

If during the works you have any concerns, please do not hesitate to contact the contractors Footway Manager **Paul Kelly** who will be in a position to deal with your concerns directly. He can be contacted on this telephone number **07837 319323**.

I wish to thank you in anticipation of your co-operation which will help to ensure the works are carried out as quickly and safely as possible, if you require any further information or wish to discuss the works, please do not hesitate to contact me.

Yours faithfully
Ben Somers
Planned Works Delivery Engineer
