

# Solihull MBC L.A.F. Meeting Report

Period 3- Oct/Nov/Dec 2025

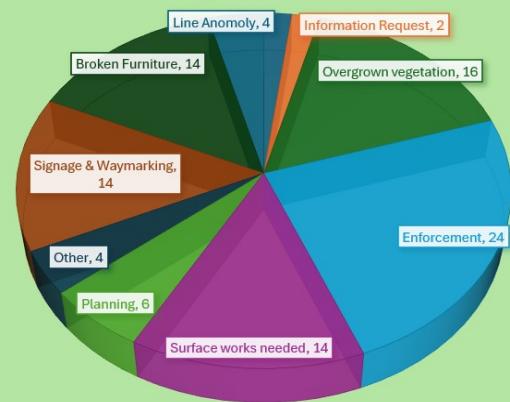

## PROW Team

The PROW team sits within Highways and works hard to keep the PROWs safe and open throughout the year, which consists of 250km. This includes following up on all service requests, arranging and carrying out maintenance on all PROWs including strimming and all structures, project management, enforcement, volunteer support, management and promotion of recreational routes. Mapping, DMMOs and diversion requests, advising on planning applications, responding to FOI requests, administration, asset management and reports. Workload is prioritised by safety first.

## Maintenance work

- Ad-hoc maintenance of the PROWs continues on a reactive basis, continued requests for new/repairs to furniture, i.e. missing fingerposts and stiles/gates. We have a new ad-hoc vegetation maintenance contractor who's initial work has been very thorough.
- Strimming not completed following little growth.
- 131** sections of paths ~ **42,000** linear metres (from a total of **450** routes) on general programme.

## SERVICE REQUEST BREAKDOWN %

## Improvement works

- Repair to boardwalk
- Repair to bridge
- Repair to gates and stiles
- Repair to marker posts

## Contribution of volunteers

We continue to work with and are thankful for the contributions of our group of volunteers. Solihull Bramblers Works carried out:

SL51	Completing bridge repairs/rebuild
SL58	Clearance work with chainsaw
