# Data

Item	Comment
Volunteers:	North: 23 Days between October and 15 <sup>th</sup> January South: 52 Days between October and 15 <sup>th</sup> January
Bridges:	<p>This financial year budget has been allocated to improve structures on the network. To date we have completed 13 replacement bridges across the County and the total replacement of the boardwalk at Mancetter.</p> <p>We have also committed to the complete replacement of the bridge at Maxstoke.</p> <p>Outside of the bridge replacement work, the team continue to work on the replacement project for the bridge at Offchurch.</p> <p>We hope to have continued funding for replacement bridges and with this in mind officers are compiling a list of bridges for review in the coming financial year.</p>
Web site:	A full review of the Rights of Way web site is underway starting with the legal orders pages. We have updated the current web site to include information about the LAF.
