Dear All

For your information and interest. Please let me know if you have any comments.

Our request for a dedicated access/egress for the University Hospital appears to have fallen on stony ground which is deeply frustrating. It could have improved the lives of all those working and visiting the hospital and would have made such a difference to the surrounding hugely negative traffic issues for all road users and would have been cost effective as part of a local infrastructure improvement plan.

It is now almost certain the 'so-called' Walsgrave A46 Junction Improvement Project will merely move the issue onto the 'new' extended slip road to eventually join the still narrow and congested Clifford Bridge Road where traffic gridlock will continue for all hospital traffic on the single access point for all traffic but with probably years of major disruption to be suffered for all road users in between.

Shail - could you arrange to publish on the website as soon as possible please.

Many thanks

Sheila

**Application by National Highways for an  
order granting development consent for**

# the A46 Coventry Junctions (Walsgrave) project

## Notice of the decision by the Secretary of State

### Interested Party Reference number: **20052162**

(You must quote your Interested Party Reference number in all correspondence with the Planning Inspectorate).

Dear Sir/Madam

Please find below a link to a letter from the Secretary of State (SoS) that has been published on the National Infrastructure Planning website.

The letter provides notification of the publication of the Secretary of State's decision and statement of reasons and the Order granting development consent in relation to the above application.

A link is also provided to the SoS decision letter.

Secretary of State Decision Letter
