Dear Sir /Madam

B4451 Deppers Bridge – Urgent Carriageway Repairs

Warwickshire County Council Highways would like to inform you of impending works to carry out urgent carriageway repairs as a result of a recent STW mains burst on the B4451 Deppers Bridge.

The works are due to commence on Monday 15th June and will take approx. 2 weeks to complete (excluding weekends).

Due to the extensive nature of the repairs, it will be necessary to completely **Close** the B4451 between the access to Burnside and The Firs with **NO** vehicular access permitted between these points. Pedestrian access will still be maintained via the public footpath but please be aware of the machinery working in this area. (Please note, a signed diversion will be in place)

Soft closure points will be situated at the junctions of Station Road (with residents access up to The Firs only) and Harbury Road (with residents access up to Burnside only).

The works will be carried out by Warwickshire County Councils contract partners Balfour Beatty who will endeavour to complete the works as quickly as possible (01926 245650)

Warwickshire County Council would like to apologise in advance for the disruption that will be caused as a result of the works.

Yours sincerely

Ian Nicholls,
Structural Highways Maintenance Team Manager
