Briefly, why do you believe this route is a) public b) ~~not a public~~

As far as I can ascertain this route has been used as a footpath / Bridle way since 1765 without objection

I have used this route since 1953 when I first settled at Horshill (for walking)

It is used by neighboring farm vehicles for access and by local people for walking and sometimes horse riding.

List your detailed evidence/references below - and list of witnesses
