Description :

The route starts on Woodbine Street, Leamington Spa, between no. 1a (the joiner's workshop) and no. 1 (Honeysuckle Cottage) and follows an easterly direction to New Brook Street. The first part consists of a narrow gravel and grass path approximately 1.2 metres wide. This leads into a metalled roadway which runs between the rear of the Star and Garter and the grounds of Westbrook House to emerge into New Brook Street on the south side of Dell House. The roadway is approximately 3.5 metres in width where the gate to the construction site is, 9 metres maximum at the rear of the Star and Garter and approximately 4 metres where it meets New Brook Street. There is a wooden gate without a lock or latch at the Woodbine Street end. Otherwise there are no obstructions apart from the fence and gate erected earlier this year by the developer of 1 Warwick Place / 2 Warwick Street. Please see my letter of 18 April, 2000, with its enclosed map which appears to show a fence or gate at the eastern end of the narrow pathway which is not in fact there and does not appear on previous maps (e.g. document A).

Briefly, why do you believe this route is a public right of way ?

I believe that this route is a public right of way, as it has been open for at least 20 years and local residents have been able to use it without hindrance throughout that time. I myself have used it frequently during the last 12 years as a short cut from Wadborne Street to Westnash House, Westnash Street and Regent Street.

List of documents supplied in evidence.

- A. Copy of a section of an Ordnance Survey map dated 1969 (PLAN SP 3166 SW) clearly showing a way through from Woodbine Street past the rear of the Star and Garter to emerge in New Brook Street beside Dell House. The original is at Leamington Spa Public Library.
- B. Copy of part of an indenture of conveyance to George Sewell dated 1854 showing the plans for the first five houses on Woodbine Street (then called Greville Street) and the pathway running along the north side of the first plot and turning southwards along the east sides of the first three plots to give access to the property of George Sewell (number 4).
- C. Copy of a deed of mortgage dated 1932 with schedule attached pertaining to number 4 Woodbine Street and to the joint use of a pathway four foot wide running from Woodbine Street, and liability to pay for a proportion of the upkeep of the whole pathway.
- D. Copy of a conveyance pertaining to number 4 Woodbine Street dated 1962 referring to the pathway in similar terms to document C.
- E. Solicitor's letter to the present owners of number 4 referring to document D.

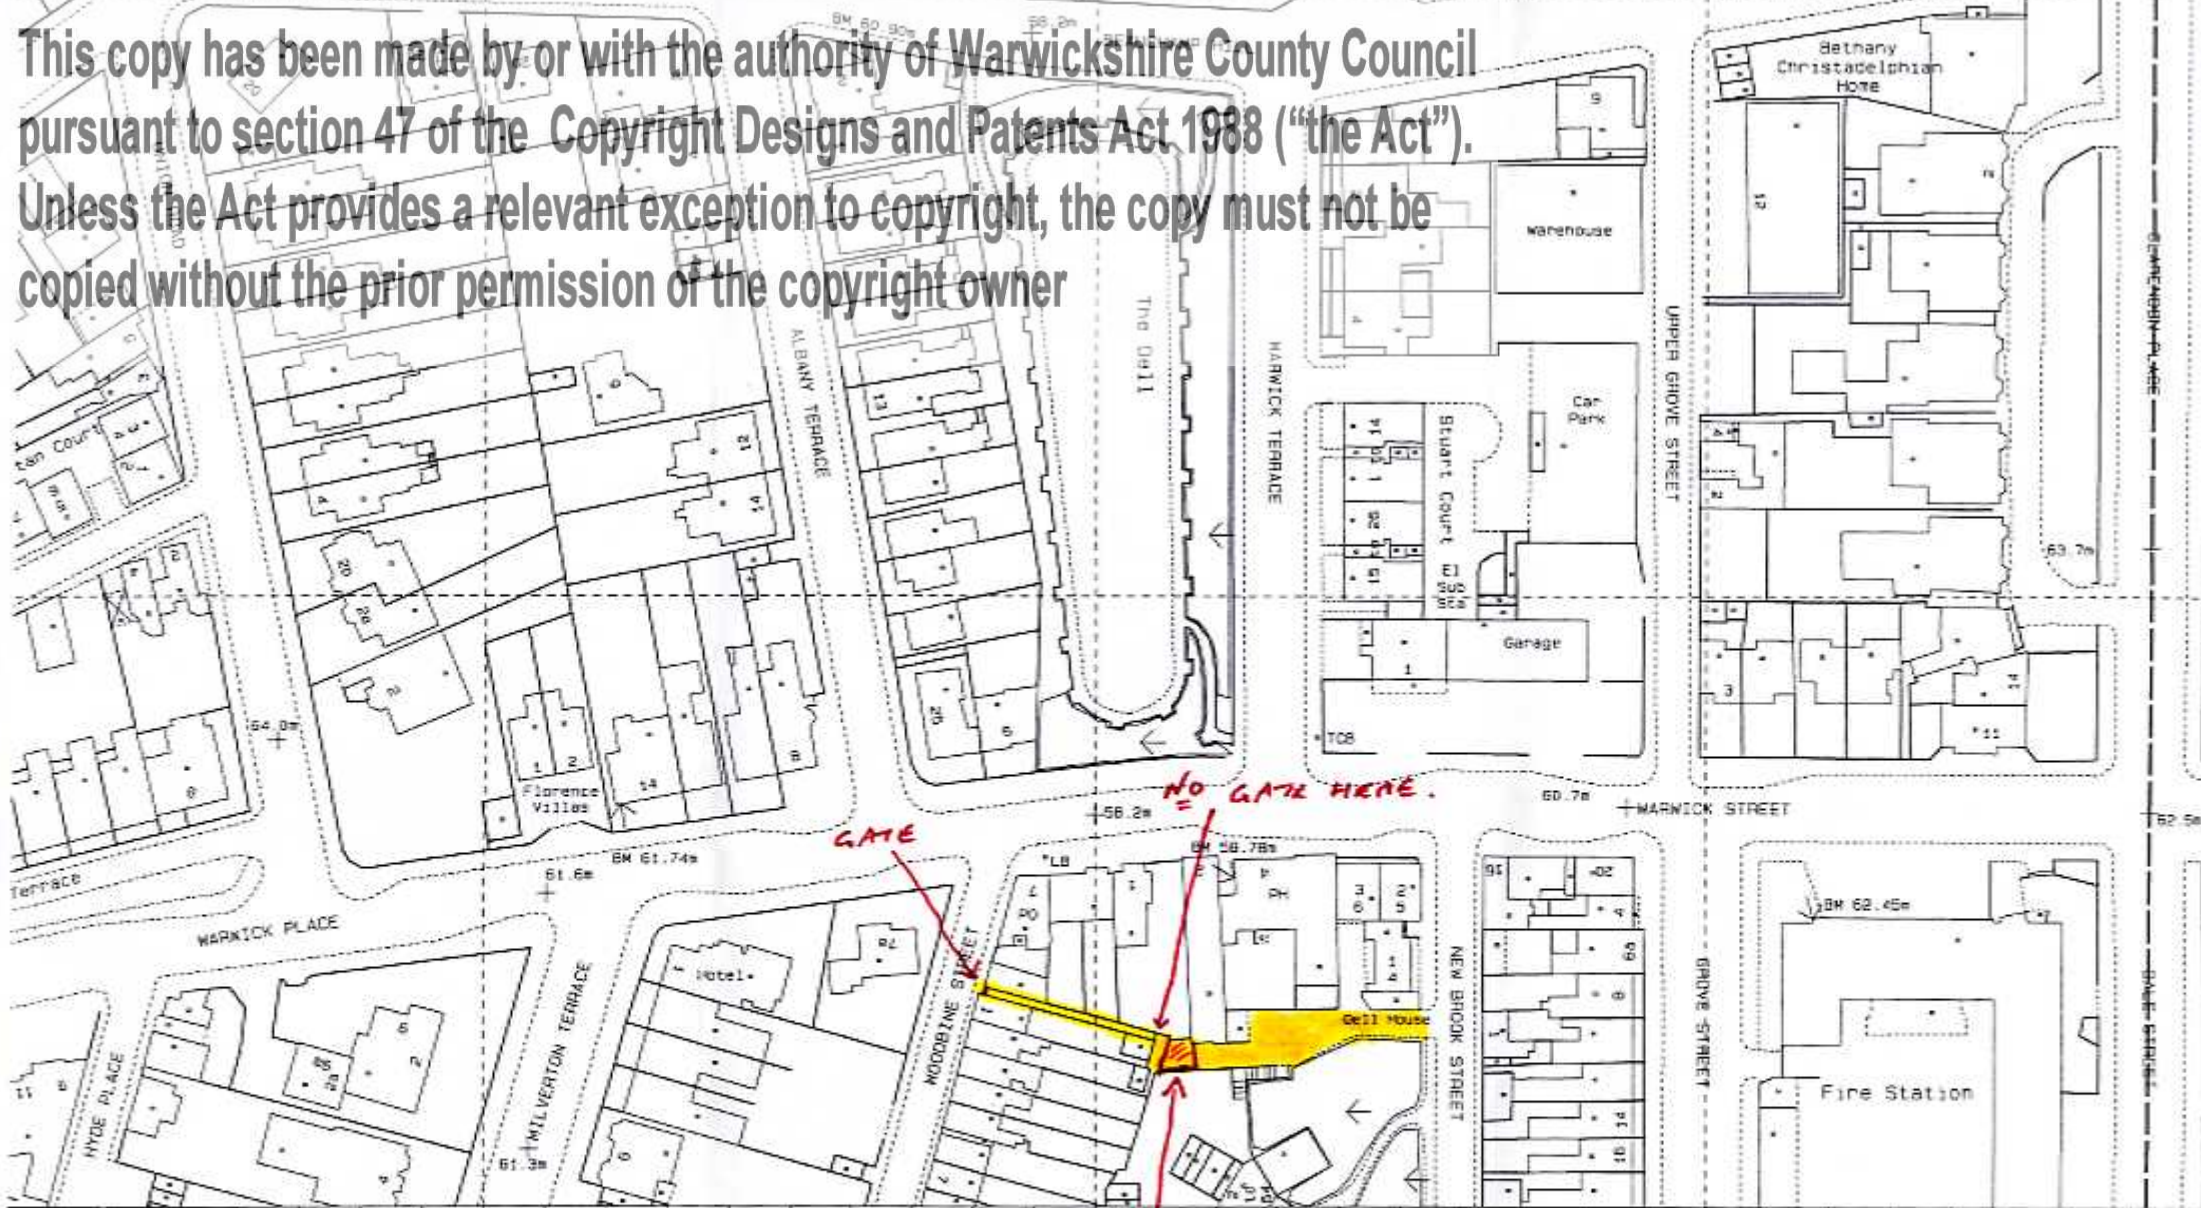

The originals of documents B, C, D and E are in the possession of [REDACTED] of 4 Woodbine Street.

- F. Office Copy of the filed plan for title number WK 322255 (2 Warwick Street) issued on 14 April, 2000, by the Gloucester Land Registry, Twyver House, Bruton Way, Gloucester, GL1 1DQ.
- G. Office Copy of the register entry for title number WK 322255 (2 Warwick Street) issued on 14 April, 2000 by the Gloucester Land Registry. The register entry shows that as early as 1964 a conveyance of the land in this title mentions that it has the benefit of a right of way over the land shown in pink on document F (i.e. to the rear of the Star and Garter giving access to New Brook Street), but is subject to a right of way over the part of the property shown in blue. This latter area is contiguous to the pathway from Woodbine Street referred to in documents B, C, D and E without any barrier, fence or gate between the two (see map in document A) and can only mean that a right of way from New Brook Street to the Woodbine Street pathway has existed *de iure*, so to speak, as well as *de facto* from at least 1964.
- H. Copy of the developer's map delineating the site boundary of 1 Warwick Place / 2 Warwick Street, which is shown here in black with a capital letter "R" and an arrow pointing to it on five sides. The boundary is marked in red on the original which is filed under planning application no. W990465 at Warwick D.C. Planning Office, 1 Warwick New Road, Leamington Spa. There is a discrepancy between this and document F in respect of the eastern edge of 2 Warwick Street. The site boundary appears to have incorporated a section of the roadway beyond and to the east of the southern end of the main building to which the Land Registry plan appears to give no sanction.
- I. Letter from 91 year old [REDACTED] testifying to the existence of a way through from Woodbine Street to New Brook Street which has been there since she moved into the former Brook Street when she was 4 years old. [REDACTED] felt rather daunted at the prospect of completing a proper witness form, so I have included the letter in the evidence section.
