

A letter to an alien from Birchwood Primary

Hey!
Would you like to play with us?
We are weird and wonderful, kind and unique!

**Some of us dip popcorn in ketchup,
eat pringles with cake,
dream about broccoli.**
**Some of us have baby teeth,
(some of us have grown-up teeth),
some of us have special marks on our skin.**
**We can dance like chickens,
we rub our cheeks while we think...**

**One of us can walk upside down,
one of us laughs at nothing -
would you like to join in
with our super-powered running?!**

**We can feel nervous at times,
silly at times, happy at times,
we love to wiggle when we dance!**

**We like EVERYTHING from pigs
to dinosaurs to drumming,
our sisters and brothers and drawings,
bright colours and hamsters and**

ALL of our teddies...
(If I said mine was real, would you believe me?
I swear that he is!)

**We sometimes shock people
by doing the splits,
by liking black more than pink,
by doing gymnastics in front of the TV,
by not liking KFC!**

**Some of us can sleep with our eyes open,
some of us can cough when we sneeze,
some of us can speak with a voice that's really
really DEEP.**

So would you like to play with us?
**We are all special and unique,
come and share our sweets!**

**Scan me so you
can download
your own!**
