Parent Carer Advice Sessions for Children with Disabilities.

Parent and carer bookable drop-in sessions/no appointment required drop-in sessions are FREE for parents and carers whose child has been diagnosed with a disability and live in Warwickshire. They are facilitated by Warwickshire County Council's Children with Disabilities Team—Family Support Workers.

The sessions will be an opportunity for parents and carers to seek additional advice around complex social care issues for their child/young person in areas such as: behaviours, routines, sleep, toileting etc.

Please note the Children with Disabilities Team are unable to offer advice around: pre diagnosis, a health care need, or education issue. Please contact your child/young person's GP and health care practitioner regarding health, and school/SENDAR/SENDIAS for education/post EHCP advice.

Some sessions do require places to be booked and some sessions parents and carers can drop in without a booking. Please see information sheet for further details.
