1,774

Meals served as part of a SEND Family Experience

4.7

Average rating out of 5 from families who attended their experience

523

Number of individual families that booked a SEND Family Experience this Spring HAF

We have absolutely loved the days out we had, the family activities HAF programme allowed us to have family days out we otherwise could not have afforded. The children were able to have time together, and both experiences catered for my child's disability. We have two autistic children and the days we had met both their needs. We are extremely grateful to be able to access this opportunity and it really made their Easter break fun and most importantly it ensured that my child who struggles to be out in the community was able to have experiences that he enjoyed and encouraged him to meet other children and play. We have had an amazing Easter break and we will remember these days out for years to come!
