

Warwickshire Fire and Rescue Service

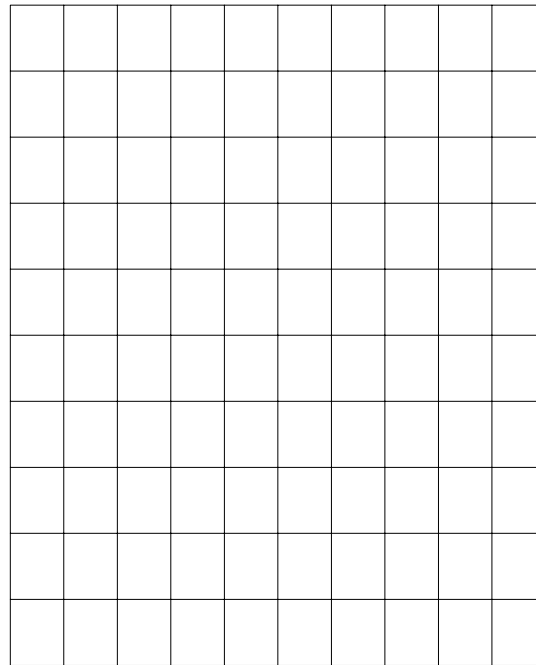

Make your plan - get out alive!

Task

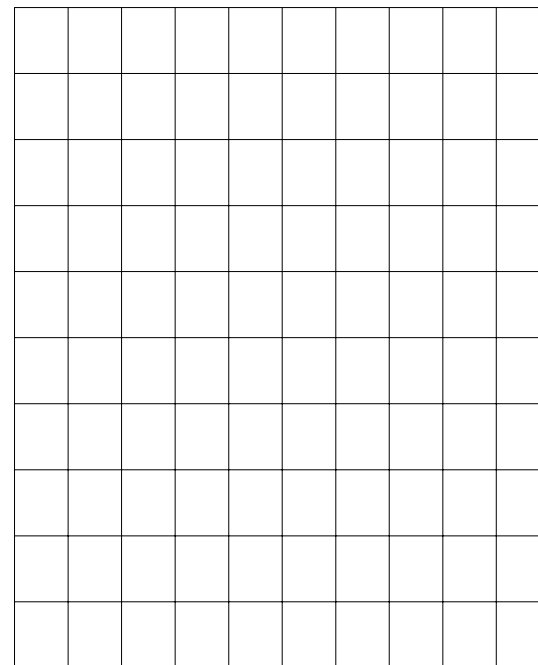

1. Draw a floor plan for each floor of your home
2. Show each room and mark any stairs, doors and windows.
3. Use a red pen to show the best escape routes in case of fire.

Actions To Take

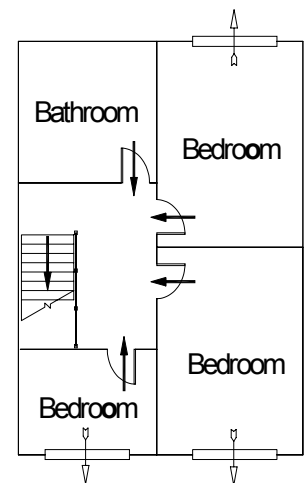

Wake up all the members of your family and make your way out together through the nearest exit. If the escape routes are clear, **leave via the front door.** Once outside call 999, using the nearest means possible. Stay out of the house until you are told it is safe to return.
