

Warwickshire Fire & Rescue Service

Working in partnership with the Warwickshire Health Promoting School Scheme

The Warwickshire Fire & Rescue Service has a programme of fire safety education for use in all Warwickshire Primary and Secondary Schools.

Primary Schools

In Primary Schools, our aim is to develop the children's knowledge and understanding of fire safety behaviour and to provide them with survival skills in the event of a fire.

There are two levels of fire safety sessions that are delivered by firefighters from a local fire station or a member of the community fire safety team.

The sessions are designed to be interactive and use a variety of resources and visual aids. Pupil booklets are also left with staff at the end of the visit to enable follow up work and to reinforce the learning objectives of fire safety.

The fire safety education programme is for pupils in year 1 and year 5; the content of each session is designed to meet the needs of each age group.

Content of year 1 session

- ◆ Looking at firekit
- ◆ Good & bad fires
- ◆ Don't play with matches
- ◆ Stop, drop & roll
- ◆ Simple fire safety at home
- ◆ Crawl low in smoke
