'Frogs'

Make a froggy friend, draw around your hand, cut it out and make crazy faces. Meet Mr Hoppalong.

We know you like our 'sensory trays' how about making your own. Use a wash bowl or a seed tray to make a perfect environment for your frogs.

Find some stones, sticks and leaves outside and make a cosy home for your homemade frog.

Hello, Vicki and 'The Arty Tots Crew would love to see you, but just for now, we have put together some fun ideas.

We hope you like them.

Using a sealable food bag, fill it with shaving foam and yellow and green food colouring. Seal the top of the bag and squash the contents together. See the colours mix, what colour can you see?

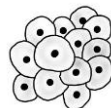

Is it a frog colour?

Playdough Recipe

The playdough is cooked in a pan on the hob for a few minutes and will last for a long time if kept in an airtight container.

2 cups flour

1 cup salt

2 cups water

2 tablespoons oil

2 teaspoons cream of tartar

A few drops of food colouring. Peppermint, almond, vanilla, cinnamon flavours can also be added for a smell experience!

Mix all the ingredients in a pan over a medium heat, stirring all the time to prevent sticking. Remove from heat when mixture comes away from sides of pan. Knead, allow to cool and store in airtight container.

Have fun together and we will see each other soon.

Best Wishes from Vicki and The Arty Tots Crew.
