Proposed 24 hour Clearway

1. STATEMENT OF REASONS

- 1.1** Warwickshire County Council is proposing to introduce a Clearway on a section of A4023 Coventry Highway and A435.
- 1.2** The 24 hour Clearway is proposed due to a new development north of A4023 with an associated new signalised junction that has been consulted on and approved separately. The Clearway is being proposed to ensure the carriageway remains clear of parked vehicles allowing for the safe and effective operation of the signalised junction and for facilitating the passage on the road. The scheme will involve the use of signs.
