Statement of Evidence for S B Claim 6

- 1 The path is first recorded on the deposited plans for the Oxford Worcester and Wolverhampton Railway (branches) 1853 (2nd Deviation). The Book of Reference describes parcel 9 as 'public footpath', with the owner being the Surveyor of Highways. (Held by the Warwickshire County Record Office at QS111/218.)
- 2 The path is shown on the deposited plans for the GWR (Stratford Line) 1854. The Book of Reference describes parcel 44 as 'pasture and footpath'. (Held by the WCRO at QS111/220.)
- 3 The whole of the claimed path was diverted onto its present route by a Quarter Sessions Highways Order of 1869, the Order providing for the new route to have a width of 5ft. The continuation of the route, to the west, is labelled as going "To Shottery". (WCRO QS47/111 Mich. 1869.)
- 4 This continuation is recorded on the Definitive Map as footpath SB44.
- 5 This diverted route is shown as an enclosed route on the first edition of the Ordnance Survey six inch map (1886), with its continuation across the railway, going west.
- 6 The route has a good, tarmac, surface with modern street lights, a 'no cycling' roundel and a 'no dog fouling' sign.
- 7 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
